GENERAL INFORMATION

FoliMar[®] Slo-N + K is designed for foliar applications for select crops. FoliMar[®] Slo-N + K should be used during periods of high nutrient demand or to correct nutrient deficiencies in many crops. Use FoliMar[®] Slo-N + K as needed for a quick response for elements. To Enhance application, use non-ionic spreader such as Surf-90.

Do not apply product if high temperature is over 85° in a 3-day period.
Concentration should not exceed over 30%.

DIRECTIONS FOR USE

All rates should vary based on the severity of soil and plant tissue deficiency and degree of weather extremes. FoliMar[®] Slo-N + K can be soil applied as a banded side- dress or broad cast of treatments based on crop demand. Consult your Mar Vista distributor or agronomist for specific fertility recommendation on specific crops. Use in accordance with recommendations of a qualified individual or institution such as, but not limited to, a certified crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan.

When tank mixing other products, "Jar Test" proportionally mixed components to confirm compatibility.

FOLIAR APPLICATIONS: FoliMar[®] Slo-N + K may be applied by air or ground spray. Use appropriate volume of water for application and method and the crop. Apply in a water volume for thorough coverage, but avoid excessive run-off.

Trees and Vines: Apply up to 2 gallons per acre from bud swell to early bloom. Apply 1-8 quarts per acre during growing season. Post harvest and dormant applications use up to 5 gallons per acre.

Field and Row Crops: Apply 1-4 quarts per acre until full canopy then use 2-8 quarts per acre as needed.

Olives: Apply 1-2 gallons per acre as needed.

CONDITIONS OF SALE AND WARRANTY

Mar Vista Resources (Seller) warrants that the chemical composition of this product conforms to the chemical description given on this label. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS EXPRESSED, IMPLIED, OR STATUTORY, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE. No one is authorized to make any other warranty, guarantee or directions concerning this product, and no such warranties, guarantees or directions shall be valid or binding upon Seller. Timing, rate and method of application, weather and crop conditions, mixtures with chemicals not specifically recommended on this label or an accompanying written recommendation, are beyond the control of Seller. Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given herewith. In no case shall Seller be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling or use of this product. The foregoing is a condition of sale by Seller and is accepted as such by the buyer. Buyer further agrees in the event of damages arising from the use of this product to accept a replacement of the product or a refund of the purchase price of the product, at buyer's option, as full discharge of Seller's liability.
