

**GENERAL RECOMMENDATIONS:**

**Four Score** contains many nutrients that are necessary for plant growth and development. **Four Score** may be used as a soil or foliar application to any food or fiber crop where the addition of one or more of the nutrients contained in **Four Score** would be beneficial. When used along with sound agronomic practices, **Four Score** will enhance plant growth and increase early season root development to maximize yield potential. **Four Score** can enhance the yield potential of many crops including alfalfa, canola, corn, dry edible beans, potatoes, sugar beets, sunflowers, and wheat.

**DIRECTIONS FOR USE:**

**SOIL:**

Apply 1 to 4 quarts per acre as a starter fertilizer or a soil applied broadcast application in a balanced fertility program. Water may be added to increase application rate.

**POSTEMERGENCE:**

Apply 1 to 4 quarts per acre to an actively growing crop to supplement an existing fertilizer program or to correct an existing nutrient deficiency. Post emergence applications should be made in a minimum of 10 gallons per acre of water.

**For use in Wisconsin:** The Nutrient Application Guidelines for Field, Vegetable, and Fruit Crops in Wisconsin – publication A2809 indicates that certain crops such as Alfalfa, Corn, Potato, and certain other crops or specific conditions will respond to the nutrients found in **Four Score** when applied near the seed at planting, or as a foliar application, and applied at the proper use rate. For all crops in Wisconsin, any nutrients in starter fertilizers are to be counted against the amounts of nutrients recommended based on the crop to be grown and soil test results.

**PRECAUTIONARY STATEMENTS:**

**CAUTION:** **Four Score** is considered to be a low health hazard and a non-inhalation hazard. Always follow good industrial hygiene practices. Harmful if swallowed. If conscious, immediately give large quantities of water and induce vomiting. Seek medical attention immediately. Avoid contact with skin. In the event of skin contact, flush immediately and thoroughly flush with water. Causes eye irritation. Flush eyes immediately and thoroughly with water for 15 minutes. If irritation persists, seek medical attention.

**FOUR-SCORE™**

Grade 3-0-1

**GUARANTEED ANALYSIS**

<b>Total Nitrogen (N)</b> .....	<b>3.00%</b>

2.25% Chelated Zinc (Zn)	

Derived from aqua ammonia, potassium hydroxide, copper EDTA, iron EDTA, manganese EDTA, and zinc EDTA.

**CAUTION: KEEP OUT OF THE REACH OF CHILDREN, PETS AND LIVESTOCK**

Refer To Safety Data Sheet (SDS) For Important, Environmental, Safety, and Health Information

**CAUTION:** This material should only be used as recommended. It may prove harmful when misused.

- Avoid contact with eyes
- Avoid contact with skin
- Avoid breathing fumes or spray mist
- Do not swallow
- Wash thoroughly after handling

**First Aid:** In the event of eye and/or skin contact – flush affected areas with large quantities of plain water. If irritation persists seek medical attention.

Personal Protective equipment:

Wear gloves and protective clothing. Wear eye protection (glasses, goggles or face shield)

**STORAGE:**

**Four Score** freezes at 25° F. **Four Score** should be stored in polyethylene or stainless steel tanks with polyethylene or stainless steel fittings.

**DISPOSAL:**

Do not reuse empty container. Triple rinse (or equivalent) after mixing and loading product. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler, visit the ACRC web page at [www.acrecycling.org](http://www.acrecycling.org). Decontaminated containers and materials must be disposed of in a manner allowed by local, state, and federal laws and regulations.

**ENVIRONMENTAL HAZARD:**

In the case of a spill, contain spill and maximize recovery.

**CONDITIONS OF SALE AND WARRANTIES:**

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label only when used in accordance with label directions under normal conditions of use.

Seller makes no other express or implied warranties either of merchantability or fitness for a particular use. In no case will seller be held liable for consequential, special or indirect damages resulting from the handling, storage, or incorrect use of this product.
