Do not eat, drink or smoke when using this product.

Wear protective gloves/protective clothing/eye protection.

Wash skin thoroughly after handling.

REFERENCE: SDS0038.02

**FREEDOM MAX** is a high analysis humic acids solution that has been processed to remove much of the inert materials that typically cause blending problems, plugged filters, etc. and providing more active ingredient per gallon.

**FREEDOM MAX** contains 0.44 lbs of humic acid and 0.18 lbs of soluble potash in each gallon. This product is for use in soil and water run applications, and is intended to be a supplement to a fertility program. Always monitor crop nutrient needs and responses with a soil, leaf tissue and irrigation water analysis program.

PRODUCTION

## DIRECTIONS FOR USE:

FREEDOM MAX is not intended for foliar applications.

## SOIL APPLY:

FREEDOM MAX can be soil applied via mechanical application through direct spray or injection to the soil in broadcast, banded, soil injection, pop up and/or side dress applications. Mix in clean tank with sufficient water for adequate mixing and coverage of target areas. This product can be impregnated into compatible dry fertilizer blends if desired. When applied by itself, this product can be applied in contact with the seeds. If applied with other products, consult your Source to Source representative before applying in contact with the seeds.

## WATER RUN:

FREEDOM MAX may be water run via drip, microsprinklers, flood, and/or furrow. When applying this material via a fertigation system, continue to operate the system 30-60 minutes after material has completely injected to flush clean water through the system.

## PRECAUTIONS:

AGITATE BEFORE USE.

Avoid applications that may cause this product to come into direct contact with the harvested portion of the plant if it will not be thoroughly washed before consumption.

Due to the dark color of this material, avoid application methods that may cause this product to come into contact with the harvested portion of the plant, to avoid spotting.

Since many pesticide products can be neutralized and/or tied up by soil organic matter, it is highly recommended not to use pesticides applied directly with humic acids. Consult pesticide representative before using on a large scale.

## COMPATIBILITY:

FREEDOM MAX has an alkaline pH and is compatible with many commonly used nutrients and crop protection products. FREEDOM MAX should not be mixed with calcium based fertilizers or acidic fertilizers. Contact a Source To Source representative for a list of compatible mixes. Jar test for compatibility prior to mixing with any pesticides, fertilizers or fertilizer blends. For unfamiliar mixes, an appropriate amount of the final mix should be applied to a small area of the intended crop to ensure plant compatibility prior to the planned application. User assumes full responsibility to ensure product, equipment and plant compatibilities.

## STORAGE AND SHELF LIFE:

Store in a sealed container in cool, dry location, at temperatures above freezing.

## SUGGESTED APPLICATION RATES AND TIMINGS:

**ALL TREES, VINES, VEGETABLE, FIELD AND ROW CROPS:**

Soil apply 2-20 gallons of FREEDOM MAX per acre. Incorporate with irrigation. Repeat applications in 7-10 day intervals for a season maximum total (soil and water run applications combined) of 50 gallons per acre.

Water run 1-10 gallons of FREEDOM MAX per acre. Repeat applications in 7-10 day intervals for a season maximum total (soil and water run applications combined) of 50 gallons per acre.

When applications are sprayed or applied directly to soil without other nutrients, dilute FREEDOM MAX in 3-10 gallons per acre of water prior to application.

CAUTION: KEEP OUT OF REACH OF CHILDREN.

NOTICE: Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use. Buyer shall assume all risks of use including, but not limited to crop injury, ineffectiveness or other unintended consequences as may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of the seller. In no case shall Source to Source be liable for consequential, special or indirect damages resulting from the use or handling of this product.

This label is for use in California. For use in other states please contact your Source to Source dealer, as labels may vary by state. Always refer to the label on the product before use.
