

GS 94

LIQUID WATER CONDITIONER with SURFACTANT

FOR USE WITH GLYPHOSATE AND OTHER SPRAYS RECOMMENDING THE ADDITION OF AMS AND NIS

PRINCIPAL FUNCTIONING AGENTS:

Water Conditioners and Surfactants	50%
Constituents ineffective as a spray adjuvant.	50%
TOTAL	100%

All ingredients are accepted for use under 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN WARNING

May be harmful if swallowed. Causes skin irritation. Causes serious eye irritation. May cause respiratory irritation. Read label before use. Keep container tightly closed. Keep only in original container. Avoid breathing dust/fume/gas/mist/vapors/spray. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves/protective clothing/eye protection/face protection.

FIRST AID

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing. Have the product container with you when calling a poison control center or doctor, or going for treatment. IF eye irritation persists: Get medical advice/attention.

IF ON SKIN OR CLOTHING: Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water for several minutes. Call a poison center, doctor, chemical manufacturer, importer, or distributor to specify the appropriate source of emergency medical advice. IF skin irritation persists: Get medical advice/attention.

IF SWALLOWED: Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person. Call a POISON CENTER or doctor/physician if you feel unwell.

IF INHALED: If breathing is difficult, remove person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth to mouth if possible.

GENERAL INFORMATION

GS 94 is a multi-purpose product designed to both condition water and spread spray droplets. The combination of ingredients increases the availability and coverage of the active ingredient for more consistent performance. GS 94 complexes with hard water ions such as Calcium, Magnesium, and Iron which may reduce the activity or mixing of many products. GS 94 contains surfactants to improve the spread of droplets resulting in better coverage for the spray solutions. GS 94 may be used as a AMS replacement.

DIRECTIONS FOR USE

READ AND FOLLOW ALL DIRECTIONS FOR USE ON HERBICIDE LABELS.

1. Fill spray tank half full of water and begin agitation.
2. Add desired rate of GS 94 to water before adding pesticides.
3. Add pesticides, as directed by label, while maintaining agitation.

Do not use GS 94 with herbicides that are not compatible in acidic conditions or low pH. Do not use with sulfonyleurea or DSMA-based herbicides. Do not use with tank mixes utilizing fixed copper fungicides. Do not apply this product in such a manner as to directly or through drift, expose workers or other persons.

Use Rates (ground and aerial application): 2 to 4 quarts per 100 gallons

The best use rate of GS 94 will vary based on environmental factors and the tank mix combination.

Always jar test with new tank mixes which you have no experience prior to adding to application tank.

STORAGE AND DISPOSAL

Storage: Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40° and 90° F.

Disposal: Do not contaminate water, food or feed by storage or disposal. Dispose of contents / container to an approved waste disposal facility in accordance with all federal, state and local regulations. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrcycle.org.

Warranty Statement

Conditions of Sale and Warranty Limitations: The directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of West Central Distribution, LLC or the seller. All such risks shall be assumed by the buyer, West Central Distribution, LLC warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the directions for Use, subject to the inherent risks referred to above. West Central Distribution, LLC makes no other express or implies warranty. In no case shall West Central Distribution, LLC of the seller be liable for consequential, special, or indirect damages resulting from the use or handling of this product. West Central Distribution, LLC and the seller offer this product, and the Buyer and the User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of West Central Distribution, LLC
