

GOLD'n GRO®

Multi-Nutrient Liquid Fertilizers

9-0-2
3% Zn

GUARANTEED ANALYSIS

Total Nitrogen (N)	9.00%
4.20% Ammoniacal Nitrogen	
0.60% Nitrate Nitrogen	
4.20% Urea Nitrogen	
Soluble Potash (K ₂ O)	2.00%
Sulfur (S)	3.00%
Boron (B)	0.08%
Copper (Cu)	0.25%
0.25% Chelated Copper	
Iron (Fe)	2.00%
2.00% Chelated Iron	
Manganese (Mn)	0.50%
Molybdenum (Mo)	0.02%
Zinc (Zn)	3.00%
3.00% Chelated Zinc	

Derived From: Lo-biuret Urea, Ammonium Thiosulfate, Ammonium Molybdate, Aqueous Ammonia, Ammonium Nitrate, Potassium Hydroxide, Potassium Nitrate, Potassium Thiosulfate, Boric Acid, Ferrous Sulfate, Iron EDTA, Copper Sulfate, Manganese Acetate, and Zinc EDTA. Chelated with EDTA (Ethylenediaminetetraacetic acid).

WARNING: This product contains boron (B) and may be harmful to certain crops. Use only according to manufacturer's directions.

CAUTION: This fertilizer is to be used only on soil which responds to molybdenum (Mo). Crops high in molybdenum are toxic to grazing animals (ruminants).

KEEP OUT OF REACH OF CHILDREN

WARNING

Harmful if swallowed. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist.

F1548

FOR AGRICULTURAL OR COMMERCIAL USE ONLY

GENERAL INFORMATION

This concentrated product is corrosive for iron, copper, zinc, brass, bronze, and aluminum. Tanks for storage of concentrated product can be polypropylene, 304 or 316 stainless steel, or cross-linked polyethylene. Fiberglass, iron and aluminum tanks should be avoided. It is okay to use fiberglass and 304 stainless spray tanks for ground spray rigs and aluminum for aerial applications. Do not store fertilizer mix in spray tanks. Flush lines after using.

DIRECTIONS FOR USE

This product is a lo-biuret fertilizer. GOLD'N GRO® 9-0-2 + 3% ZN can be used on turf, ornamentals, wine table, and raising grapes, field crops including cereal grains, fruit and nut trees, citrus, and avocados. The total amount required per acre per year per crop may be determined by standard grower practice. Maximum quantity applied per year should not exceed 6.0 gallons (63.0 pounds).

Spray applications for turf, ornamentals, all varieties of grapes, vegetables, other field crops including cereal grains, fruit and nut trees, citrus, and avocados should be done using a mix no more concentrated than 2.0 quarts in 10.0 gallons of water. Do not foliar apply when temperature exceeds 90 °F.

Add the GOLD'N GRO products to water. Use a bottle test for mixtures with other products before proceeding with a full-scale mix. GOLD'N GRO 9-0-2 + 3% ZN may be applied through drip, sprinkler, and micro sprinkler irrigation or injected into the soil as in sidedress or listing operations. When GOLD'N GRO 9-0-2 + 7% ZN is injected in drip, drip tape or micro sprinklers, a jar test for compatibility with the irrigation water is recommended.

GOLD'N GRO 9-0-1 + 3% ZN is compatible with most fungicides, herbicides, and insecticides. When in doubt, do a jar test or contact your supplier. When combining with fungicides, herbicides, or insecticides, or follow the manufacturer's instructions as to placement, dilution rates, and all other precautions. When plants are exhibiting chlorosis or other symptoms of micronutrient deficiency, a combinations of foliar and soil applications may be desirable.

GENERAL APPLICATION RATES AND TIMINGS

Vegetables and Field crops. General Use. (Drench, Soil applications): 1.0 pint to 12.0 quarts per acre. Application schedule will be dependent on crop, variety and cultural practices of the regions.

Vegetables and field crops (Foliar): 1.0 pint to 2.0 quarts per acre. Begin applications at two-leaf stage. Application will be dependent on crop and cultural practices of the region.

Blackberries, Boysenberries, Raspberries, Strawberries (Foliar): 1.0 pint to 2.0 quarts per acre. Add at pre-bloom, repeat as needed until berries color or soften as varieties dictate.

Citrus, Avocados (Drench, Soil application): 1.0 pint to 12.0 quarts per acre. Begin applications in early spring. Continue as needed. For severe deficiencies, apply moderate to high rates in the fall. Complement with a spring application.

Citrus, Avocados (Foliar): 1.0 to 4.0 quarts per acre. Begin applications at first flush of growth in the spring. Use higher rates on larger trees.

Deciduous Fruit and Nut Trees (Drench/Soil application): 1.0 to 8.0 quarts per acre. Begin applications in late winter. Application schedule will be dependent on crop, variety and cultural practices.

Deciduous Fruit and Nut Trees (Foliar application): 1.0 to 2.0 quarts per acre. Begin applications when leaves emerge. Use lower rates early. Increase rates as foliage increases.

Grapes (Drench/Soil application): 1.0 to 8.0 quarts per acre. Begin application in late winter. Repeat as necessary.

Grapes (Foliar application): 1.0 to 2.0 quarts per acre. Begin when leaves emerge. Repeat as necessary. Increase rates as foliage increases.

Lettuce, Celery (Fertigation/Soil Application): 1.0 to 2.0 quarts per acre Drench apply with irrigation water as needed.

Commercial and residential lawns, Golf course tees and greens, Golf course fairways:

8.0 to 16.0 ounces per 1,000 square feet (2.5 to 5.0 gallons per acre). Rate is based on monthly applications during the growing season and frequency of application. Monthly rate may be split and applied more frequently (micro fertilization).

Ornamentals (Drench/Soil application): 1.0 to 8.0 quarts per acre. 1 to 3 applications per season.

General use (Foliar application): 1.0 pint to 8.0 quarts per acre. Application schedule will be dependent on crop, variety and cultural practices of the regions.

Potatoes (Soil): 1.0 to 8.0 quarts per acre. Application schedule will be dependent on the cultural practices of the region.

Potatoes (Foliar): 1.0 to 3.0 quarts per acre. Application schedule will be dependent on the cultural practices of the region.

FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

FOR A MEDICAL EMERGENCY INVOLVING THIS PRODUCT, CALL 1-866-944-8565.

STORAGE AND DISPOSAL

STORAGE: STORE BETWEEN 41 °F AND 104 °F. Shake well before using. Store in original containers only. Keep containers tightly closed when not in use. Store in a cool, dry well-ventilated area, preferably in a locked storage area away from children, feed and food products, and seed. Store at ambient temperatures. Do not contaminate water, food, or feed by storage or disposal. **DISPOSAL:** Do not reuse container. Plastic: Triple rinse (or equivalent), adding rinse water to spray tank, then offer for recycling at an ACRC site (go to <http://www.acrecycle.org/> for locations) or by reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Do not contaminate water, food, or feed by storage or disposal.

HANDLING: Avoid breathing fertilizer mists. Avoid prolonged or repeated skin contact. Avoid eye contact. Wash hands thoroughly after handling this product.

For help with any spill, leak, fire or exposure involving this material, call day or night CHEMTREC 1-800-424-9300.

CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

BEFORE BUYING OR USING THIS PRODUCT, read the Directions for Use and the following Conditions of Sale and Limitation of Warranty and Liability. By buying or using this product, the buyer or user accepts the following Conditions of Sale and Limitation of Warranty and Liability, which no employee or agent of LOVELAND PRODUCTS, INC. or the seller is authorized to vary. LOVELAND PRODUCTS, INC. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, when the product is used in accordance with such Directions for Use under normal conditions of use. LOVELAND PRODUCTS, INC. MAKES NO OTHER WARRANTY, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE BUYER'S OR USER'S EXCLUSIVE REMEDY FOR ANY INJURY, LOSS, OR DAMAGE RESULTING FROM THE HANDLING OR USE OF THIS PRODUCT SHALL BE LIMITED TO ONE OF THE FOLLOWING, AT THE ELECTION OF LOVELAND PRODUCTS, INC. OR THE SELLER: DIRECT DAMAGES NOT EXCEEDING THE PURCHASE PRICE OF THE PRODUCT OR REPLACEMENT OF THE PRODUCT. LOVELAND PRODUCTS, INC. AND THE SELLER SHALL NOT BE LIABLE TO THE BUYER OR USER OF THIS PRODUCT FOR ANY CONSEQUENTIAL, SPECIAL, OR INDIRECT DAMAGES, OR DAMAGES IN THE NATURE OF A PENALTY.

Tests have not been carried out under all possible use conditions and Seller cannot and does not represent or warrant that the goods are compatible with all other chemicals or under all use conditions.

California Proposition 65: WARNING: This product contains chemicals known to the State of California to cause cancer or birth defects or other reproductive harm.
