

Greenhouse Frosting Liquid 297 with Double Binder

KEEP OUT OF REACH OF CHILDREN
CAUTION

F1548
FOR AGRICULTURAL OR COMMERCIAL USE ONLY

DIRECTIONS FOR USE

A premium quality greenhouse frosting liquid concentrate designed to provide a cost effective liquid shade compound for maximum reflection, ease of application and removal and for ultimate wear while needed. Available in a variety of formulas to provide the grower with flexibility to meet specific growing needs. See individual product data sheets for specific formulations available. This product can be applied to glass, fiberglass or polysheeting by brush, roller, spray, or splash method. The ease of application and removal depends on many factors including weather, the number of applied coats, type of covering and the product formulation selected. It is highly recommended that a test be performed on a small area prior to any full-scale application to insure proper application, adhesion and compatibility with the surface covering. On new greenhouse coverings that have not been previously tested for compatibility of application with the liquid shade compound, check with the manufacturer for suitability of applying the shade compound. Always perform a test to assure compatibility. The surface to be coated must be free of any loose or foreign material and dry, preferably after mid-day sun has dried any morning dew and warmed the surface for better adhesion and quicker dry time. This product will dry in 5 to 15 minutes under normal application conditions. Apply shade compound when rain is unlikely to occur within 24 hours. Stir greenhouse frosting concentrate well before mixing with water. The average dilution rate is 8 gallons of water to one gallon of greenhouse frosting concentrate, but this may vary depending on specific application, crop, location, and grower preference. Shade compound adheres more strongly to coarse surfaces, such as old fiberglass, infrared film, or weathered greenhouse films.

GENERAL INFORMATION

Standard hydraulic spray equipment is suitable for applying shade compound. All equipment should be thoroughly cleaned after each application. Application under a hot midday sun may bake the shade compound onto some surfaces such as plastic film, making later removal more difficult. Residue on new greenhouse films may act as a release agent causing a lack of adhesion and early washoff. A mist coat of the shade compound followed by a regular application has proven effective in promoting normal adhesion and wear. The VOC content of this product is less than 25 grams per liter. Does not contain lead, mercury or chromium. Protect from freezing.

FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.
If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

STORAGE and DISPOSAL

STORAGE: Store in original containers only. Keep containers tightly closed when not in use. Store in a cool, dry well-ventilated area, preferably in a locked storage area away from children, feed and food products, and seed. Store at ambient temperatures. Do not contaminate water, food, or feed by storage or disposal. **DISPOSAL:** Do not reuse container. Plastic: Triple rinse (or equivalent), adding rinse water to spray tank, then offer for recycling at an ACRC site (go to <http://www.acrecycle.org/> for locations) or by reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Do not contaminate water, food, or feed by storage or disposal.
HANDLING: Avoid breathing vapor, spray mist or sanding dust. Avoid prolonged or repeated skin contact. Avoid eye contact. Wash hands thoroughly after handling this product.

CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

BEFORE BUYING OR USING THIS PRODUCT, read the Directions for Use and the following Conditions of Sale and Limitation of Warranty and Liability. By buying or using this product, the buyer or user accepts the following Conditions of Sale and Limitation of Warranty and Liability, which no employee or agent of LOVELAND PRODUCTS, INC. or the seller is authorized to vary. LOVELAND PRODUCTS, INC. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, when the product is used in accordance with such Directions for Use under normal conditions of use. LOVELAND PRODUCTS, INC. MAKES NO OTHER WARRANTY, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE BUYER'S OR USER'S EXCLUSIVE REMEDY FOR ANY INJURY, LOSS, OR DAMAGE RESULTING FROM THE HANDLING OR USE OF THIS PRODUCT SHALL BE LIMITED TO ONE OF THE FOLLOWING, AT THE ELECTION OF LOVELAND PRODUCTS, INC. OR THE SELLER: DIRECT DAMAGES NOT EXCEEDING THE PURCHASE PRICE OF THE PRODUCT OR REPLACEMENT OF THE PRODUCT. LOVELAND PRODUCTS, INC. AND THE SELLER SHALL NOT BE LIABLE TO THE BUYER OR USER OF THIS PRODUCT FOR ANY CONSEQUENTIAL, SPECIAL, OR INDIRECT DAMAGES, OR DAMAGES IN THE NATURE OF A PENALTY.

Tests have not been carried out under all possible use conditions and Seller cannot and does not represent or warrant that the goods are compatible with all other chemicals or under all use conditions.

California Proposition 65: WARNING: This product contains chemicals known to the State of California to cause cancer or birth defects or other reproductive harm.
