PRODUCT INFORMATION

Grow Getter is a liquid plant food containing nitrogen and potassium essential for root growth, and boron, copper and zinc which are essential for bud initiation, flower development, fertilization and fruit set, retention and development.

Grow Getter micronutrients help provide improved nutrient availability for plant roots.

Grow Getter nutritional program improves plant root nutrition and vigor, which can lead to, increased micronutrient uptake and promote increased yield potential.

Grow Getter nutrients are formulated to provide a fast method to boost plants under nutrient stress periods and for correction of nutrient deficiencies.

Grow Getter is compatible with most liquid fertilizers, insecticides, fungicides, herbicides and nematicides. Check the compatibility of untried chemical mixes.

Grow Getter can be applied to avocados, citrus, fruit, vines, vegetables, trees, field crops, ornamentals and turf.

Grow Getter is nonphytotoxic when used as directed.

A DESIGNED TO OPTIMIZE A PLANT'S ENTIRE GROWING CYCLE

DIRECTIONS FOR USE

Avocado, Citrus, & Tree Crops: Apply in irrigation water or surface apply under the tree canopy and water in. Apply **Grow Getter** monthly during periods of active root growth. Apply 1 quart of **Grow Getter** per acre per application.

Field and row crops: Apply with starter fertilizer, banded or dribbled in the seed furrow, in transplant or irrigation water or use as side dress. Use 1 quart of **Grow Getter** per acre in single or multiple applications.

Nursery and container plants: Dilute at a rate of 2 quarts **Grow Getter** per 100 gal water and apply as a soil as a soil drench, in single or multiple applications.

Golf Courses & Turf: Apply in irrigation water or surface apply and water in. Use 1 pint **Grow Getter** per 5,000 square feet of turf. Apply monthly during periods of active root growth. **Grow Getter** can be applied with fertilizers and other turf management products.

Use best management and use practices when applying **Grow Getter**. Use additional fertilizers as needed based on soil and tissue testing.

Buyer assumes all responsibility for safety and use of this product not in accordance with directions and cautions.
