		100.00%

Application Rate: 3.27-8.72 Fl oz per CWT

Not For Resale

This custom blend of Cotton, Corn and Soybean Seed Treatment identified above is prepared to the order of the customer for use on the customers' property (including leased or rented property). Application at a rate of 3.27- 8.72 fluid ounces per 100 pounds of Cotton, Corn and Soybean seed is within the labeled rate range of each of the above seed treatment products. Different application rates may not be within the labeled range of each of the above seed treatment products. The labels for the pesticides used in the custom blend do not preclude use in the custom blend mixture. Read and follow the pesticide labels for each for the above seed treatment products. This document constitutes a "Statement of Composition" according to custom blend rules and regulations. ©2018 Albaugh LLC. 1526 NE 36th Street Ankeny, Iowa 50021
