

FIFRA Sec. 2(ee) Recommendation

Technical Information Bulletin for using Headline® SC fungicide to control leaf spot (*Corynespora cassiicola*) in cotton in Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, Missouri, North Carolina, South Carolina, and Tennessee

EPA Reg. No. 7969-289

This recommendation is made as permitted under FIFRA section 2(ee) and has not been submitted to or approved by the EPA.

All applicable directions, restrictions, precautions and Conditions of Sale and Warranty on the EPA registered label are to be followed. Refer to the container label for additional instructions. Always read and follow label directions.

Information contained in this Technical Information Bulletin is not intended to replace or amend any product labeling. Always read and follow all label directions when using any pesticide alone or in tank mix combinations.

The user must have this recommendation in their possession at the time of use.

Directions For Use

Apply 6 to 12 fl ozs of **Headline SC** per acre to control leaf spot. Follow all use directions under the cotton section of the **Headline SC** container label.
