Directions for Use

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Apply 1-4 fl. oz./100 gallons water every 7-28 days as a foliar spray for control of downy mildew (*Plasmopara* spp.) in bedding plants.

The user must refer to the federally approved labels for the above noted product and read and follow all directions for use, restrictions, and precautions.

The user should have this recommendation in its possession at the time of use.

Use of this product according to this bulletin has not been reviewed or endorsed by the Office of the Indiana State Chemist.

This recommendation for use of Heritage® Fungicide is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by EPA.
