

BEST-BALE®

A HAY TREATMENT PRODUCT

Crude Protein **17.00%**
From non-protein (urea nitrogen)

Derived from: Urea Nitrogen

DIRECTIONS FOR USE:

• BEST-BALE® is a hay treatment product applied pre-baling where spoilage due to rain or high moisture conditions is a concern. • BEST-BALE® should be incorporated with water as a carrier into swathed hay at the header or crimper/roller. • BEST-BALE® could also be applied directly to the windrowed hay or at the baler, but this application would be less desirable. • Consult your local HUMA GRO® representative or other agricultural specialist for specific recommendations.

STORAGE AND DISPOSAL:

Keep product in original container. Do not transfer into food or drink containers. Triple rinse container when empty for recycling. Always dispose of container in accordance with local, state and/or federal regulations.

CONDITIONS OF SALE:

The information contained on this label is believed to be accurate and reliable. Buyer and user acknowledge and assume all liability resulting from the use of this material. Follow directions carefully. Timing, method of application, weather, crop conditions and other factors are beyond the control of the seller.

RATE OF APPLICATION

Hay

4-6 ounces of BEST-BALE® with
2-5 gallons of water per ton of dry hay (15% moisture).

Silage

20-30 ounces of BEST-BALE® with
5-10 gallons of water per ton (75% moisture).

These recommended rates and methods of application are basic guidelines intended to simplify product usage and maximize results. There may be specific conditions which would require adjustments.

KEEP OUT OF REACH OF CHILDREN

A dark hazy, reddish brown, slightly alkaline liquid having a characteristic ammoniacal odor. The liquid and mists can be irritating to the eyes and possibly the skin. Inhalation of mists may be irritating to the entire respiratory tract. Ingestion of this product may cause gastrointestinal irritation, with cardiovascular and central nervous system effects.

CLASSIFICATION: HAZARD CATEGORY 3

SIGNAL WORD: WARNING

HAZARD STATEMENT: H316 - WARNING - Causes mild skin irritation.

PRECAUTIONARY STATEMENT: P332+P313 If skin irritation occurs, get medical attention/advice.
