

JACKPOT®

GUARANTEED ANALYSIS 0-1-20

Available Phosphate (P ₂ O ₅)	1.00%
Soluble Potash (K ₂ O)	20.00%
Boron (B)	0.50%

Derived from: Phosphoric Acid, Potassium Hydroxide, Boric Acid.

ALSO CONTAINS NON-PLANT FOOD INGREDIENT:

4% Organic Matter (derived from leonardite)

DIRECTIONS FOR USE

- Shake well before use. • Designed to be applied by foliar application.
- JACKPOT® should be applied when timing, tissue and soil analysis identifies the need and proper rate of application for this product. • Best results will be obtained when application is concentrated on the leaf surface. • Can be applied in combination with compatible plant growth regulators, pesticides, or other liquid fertilizers. • If compatibility is in question, jar test a small quantity. • Apply foliar sprays with sufficient water to ensure uniform coverage without running off leaf surfaces. • Do not apply this product foliarly in concentrations greater than 5%. • For maximum results, apply in the early morning or in the evening when air temperatures are optimum for foliar application. • Do not apply HUMA GRO® nutrients during the hottest time of the day or to plants under drought or flood stress. • Application timing, intervals and rates may vary according to individual crop requirement, stage of development, available nutrient levels in the soil, and overall nutritional status of the crop. • For optimum results, JACKPOT® should be applied with HUMA GRO® CALCIUM at 1/2 the dosage rate of the JACKPOT®. Nitrate blocker can be applied with JACKPOT®, if nitrogen levels are above 3% for leaf tissue or above 10,000 ppm for petiole analysis.
- First application should be a maximum of 28 days prior to defoliation or harvest. • Applications can be made as often as every 7 to 10 days as needed. • Consult your local HUMA GRO® Representative or other agricultural specialist for crop-specific recommendations. • Do not store this product below 50°F (10°C) or above 90°F (30°C).

This product is intended as a supplement to a complete fertilization program and will not, by itself, provide all the nutrients normally required by agricultural crops.

CONDITIONS OF SALE:

The information contained on this label is believed to be accurate and reliable. Buyer and user acknowledge and assume all liability resulting from the use of this material. Follow directions carefully. Timing, method of application, weather, crop conditions and other factors are beyond the control of the seller.

METHOD OF APPLICATION

Foliar band application at 50% coverage	up to 1 quart / ---
Foliar broadcast or sprinklers: solid, set, pivot, linear (100% speed)	up to 2 quarts / up to 1 gallon
Soil banded or injected, through drip tape or micro sprinklers	up to 2 quarts / up to 1 gallon
Soil broadcast spray incorporated, flood, or furrow irrigated	up to 1 gallon / up to 2 gallons

STORAGE AND DISPOSAL:

Keep product in original container. Do not transfer into food or drink containers. Triple rinse when empty for recycling. Always dispose of container in accordance with local, state and/or federal regulations.

CAUTION: KEEP OUT OF REACH OF CHILDREN

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.htm>

WARNING: This fertilizer contains Boron, which may be injurious to certain crops.

A clear to hazy, dark purplish brown, highly alkaline liquid having a characteristic odor. The liquid and mists are corrosive to all tissues contacted. Inhalation of mist can cause permanent lung damage. Moderately toxic by ingestion. This product can react vigorously with acids and other substances, materials and/or products.

CLASSIFICATION: SKIN CORROSION – CATEGORY 1A

SIGNAL WORD: DANGER

HAZARD STATEMENT: H314 Causes severe skin burns and eye damage.

PRECAUTIONARY STATEMENT: P260 Do not breathe dusts/mist/vapors;

P280 Wear protective gloves/protective clothing/eye protection/face protection; **P264** Wash hands thoroughly after handling.

CLASSIFICATION: HAZARD CATEGORY 5 - MAY BE HARMFUL IF SWALLOWED

SIGNAL WORD: WARNING

HAZARD STATEMENT: H303 - WARNING – May be harmful if swallowed.

PRECAUTIONARY STATEMENT: P312 Call a poison center/doctor/physician if you feel unwell.

10.87 lb per gallon @ 68° F.

1.26 kg per liter @ 20° C.

pH 14.5 - 15.5

2.5 gallons • Net Wt. 27.18 lb
