 1.2% Nitrate Nitrogen
 3.2% Urea Nitrogen

Derived from: Urea, Ammonium Nitrate.

ALSO CONTAINS NON-PLANT FOOD INGREDIENT:

5.0% Organic Matter (derived from leonardite)

DIRECTIONS FOR USE

- Shake well before use. • Designed to be applied to the soil. • KLEENSTART™ should be applied when soil analysis identifies the need and proper rate of application for this product. • Best results will be obtained when application is concentrated in the active root zone. • Can be applied in combination with compatible plant growth regulators, pesticides, or other liquid fertilizers. • If compatibility is in question, jar test a small quantity. • Dilute with water sufficient to not apply this product in concentrations greater than 10%. • For maximum results, apply in the early morning or in the evening when air temperatures are optimum for application. • Do not apply HUMA GRO TURF® nutrients during the hottest time of the day or to turf or ornamentals under drought or flood stress. • Application timing, intervals and rates may vary according to turf or ornamental requirements, available nutrient levels in the soil, and overall nutritional status of the plants. • Applications can be made as often as every 15 to 20 days as needed. • Consult your local HUMA GRO TURF® Representative or other turf or ornamental specialist for specific recommendations. • Do not store this product below 50°F (10°C) or above 90°F (30°C).

STORAGE OF DISPOSAL:

Keep product in original container. Do not transfer into food or drink containers. Triple rinse when empty for recycling. Always dispose of container in accordance with local, state and/or federal regulations.

METHOD OF APPLICATION

	Turf & Sod / Nursery & Ornamentals SUGGESTED RATE PER 1,000 sq. ft.
	SUGGESTED RATE PER ACRE
Foliar broadcast spray or fertigated through sprinkler system	up to 2 ounces / up to 3 ounces up to 2 quarts / up to 1 gallon
Soil applied through drip tape or micro sprinklers	*** / up to 2 ounces
	*** / up to 1 quart
Soil broadcast spray incorporated	up to 2 ounces / up to 3 ounces
	up to 2 quarts / up to 1 gallon

This product is intended as a supplement to a regular fertilization program and will not, by itself, provide all the nutrients normally required by turf and ornamentals.
