

Hydro-Wet®

Hydro-Wet®

Soil and Turf Wetting Agent for Increasing Water Efficiency

NONPLANT FOOD INGREDIENTS:

87.5% Poloxanlene, 2-butoxyethanol

KEEP OUT OF REACH OF CHILDREN WARNING

Hazard Statements

- Harmful if swallowed.
- Harmful if inhaled.
- Causes skin irritation.
- Causes serious eye irritation.

Precautionary Statements

- Avoid breathing dust, fumes, gas, mist, vapors, spray.
- Wash thoroughly after handling.
- Use only outdoors or in a well-ventilated area.
- Wear protective gloves and eye/face protection.
- IF IN EYES: Rinse continuously with water for several minutes.
- Remove contact lenses if present and easy to do; continue rinsing.
- If eye irritation persists, get medical advice/attention.
- IF ON SKIN: Wash with plenty of soap and water.
- If skin irritation occurs, get medical advice/attention.
- IF INHALED: Call a poison center or doctor/physician if you feel unwell.
- Remove victim to fresh air and keep at rest in a position comfortable for breathing.
- Take off contaminated clothing and wash before reuse.

Environmental Hazards

Do not contaminate water sources by cleaning of equipment or disposal of wastewaters.

First Aid

If in Eyes: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical attention.

If Swallowed: Rinse mouth. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If you feel unwell, call a poison control center or physician immediately for treatment advice.

If Inhaled: Move person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. If you feel unwell, call a poison control center or physician for further treatment advice.

If on Skin or Clothing: Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical attention. Take off contaminated clothing and wash before reuse.

General Information

Hydro-Wet is a high performance turf and soil wetting agent formulated to assist the management and conservation of water to ensure uniform movement, distribution and availability of water into the root zone. Hydro-Wet reduces watering requirements by minimizing water repellency in soils. Hydro-Wet can be safely applied as a preventative or curative treatment to improve irrigation efficiency and enhance turf quality by controlling localized dry spots in highly maintained turf areas.

DOT Bulk Shipping Statement (>119 Gallons Only)

NA 1993, Combustible Liquid, N.O.S., (2-butoxy ethanol), 3, PG III

WARNING This product can expose you to chemicals including 1,4-dioxane and oxirane which are known to the State of California to cause cancer, and oxirane which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Directions For Use

Golf Course Greens and Tees: As a preventative treatment, apply Hydro-Wet at a rate of 8 fluid ounces diluted in 1 to 3 gallons of water per 1,000 square feet in advance of high heat stress. After 7 to 14 days following initial application, apply an additional application of 8 fluid ounces per 1,000 square feet diluted in the same manner.

A monthly maintenance treatment schedule can be substituted for the preventative treatment rate as follows: Using dilution rates as indicated above; apply an initial application of 8 fluid ounces per 1,000 square feet followed by monthly applications at a rate of 4 fluid ounces per 1,000 square feet.

Follow tank mix applications with a brief watering-in of treated turf areas to ensure that Hydro-Wet moves to the soil profile.

Golf Course Fairways, Athletic Fields and General Turf Areas: Apply Hydro-Wet at a rate of 24 to 32 fluid ounces diluted in 40 to 50 gallons of water per acre. Reapply monthly throughout the season.

Irrigation Injection: Monthly Program: Inject 24 to 32 fluid ounces in 40 to 50 gallons of water per acre per month throughout the growing season.

Soil Mixes and Lawn Care: Apply 4 fluid ounces of Hydro-Wet diluted in 5 gallons of water, then apply to 1 cubic yard of soil mixture or each 1,000 square feet of planting area.

Lawn Care: 2 to 4 fluid ounces diluted in 2 to 3 gallons of water applied per 1,000 square feet. Irrigate immediately following application.

Tank Mixing

Tank mix combinations containing Hydro-Wet have not been tested under all growing conditions. Applicator should follow instructions of pesticide label to determine such use. Always exercise caution when using wetting agents with other commonly used turf chemicals and fertilizers. Test a limited turf area prior to large scale applications.

Storage, Disposal & Spill

Do not contaminate water, food or feed by storage or disposal of this product. **Storage:** Store in a well-ventilated place. Keep cool. Store in a tightly closed container. Store in original container only. **Disposal:** Triple pressure rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.acrcycle.org. Dispose of contents/container in accordance with local/national regulations. **Spill:** In the event of a major spill, fire or other emergency, call CHEMTREC at (800) 424-9300.

NET CONTENTS:

2 X 2.5 U.S. GALLONS (18.92 LITERS) / 30 GALLONS (114 LITERS)
Weight per Gallon at 68°F is 8.42 LBS

CONDITIONS OF SALE, LIMITED WARRANTY, AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions of this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of KALO, Inc., the manufacturer or seller. In addition, failure to follow label directions may cause injury to crops, animals, workers or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind express or implied concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at KALO, Inc.'s election, one of the following:

1. Refund of the purchase price paid by buyer or user for product purchased, or,
2. Replacement of the product used.

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company, the manufacturer and seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
