PRECAUTIONARY STATEMENTS: Wear eye/face protection, protective gloves and protective clothing. Do not eat, drink or smoke when using this product. Do not breathe the spray mist. Wash thoroughly after handling. **FIRST AID:** If **swallowed:** call a Poison Center or medical doctor if you feel unwell. Rinse mouth. If **on skin:** wash with plenty of water. Take off any contaminated clothing and continue to rinse the skin. If **inhaled:** remove the person to fresh air and keep comfortable for breathing. Call a doctor if you feel unwell. If **in eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. **STORAGE AND DISPOSAL:** Do not contaminate water, food or feed by storage or disposal. KEEP OUT OF REACH OF CHILDREN. Store in closed containers in a well ventilated place. Dispose of excess material or spilled material by use in a cropping situation. Dispose of contents/container in accordance with local/regional/national regulations.

CONDITIONS OF SALE AND WARRANTY: GAR Bennett LLC warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated when used in accordance with the use directions under normal conditions. GAR Bennett LLC neither makes, nor authorizes any agent or representative to make, any other warranties, express or implied, including fitness or merchantability. The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as timing and method of application, weather and crop conditions, presence of other materials, or other influencing factors, all of which are beyond the control of GAR Bennett LLC. Buyer and user acknowledge and assume all risks and liability resulting from the handling, storage and use of this material not in strict accordance with directions given herewith. In no case shall GAR Bennett LLC be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling or use of this product. The foregoing is a condition of sale by GAR Bennett LLC and is accepted as such by the Buyer.

GENERAL INFORMATION

- Hye Hume Z Man may aid in the uptake of micronutrients.

Compatibility can be simply checked by:

- Mixing each product in a clear container in the same proportion to be used in the field
- Agitating vigorously for at least 30 seconds
- Visually observing for precipitate

DIRECTIONS FOR USE

Hye Hume Z Man can be applied to all crops including fruits, vegetables, trees, vines, flowers, ornamentals, turf, grain and other row crops.

Application rates and frequency are dependent upon soil and climate conditions present. Typical application rates range from ½ to 2 gallon.

Hye Hume Z Man may be applied alone or with liquid fertilizers.

Hye Hume Z Man may be applied through conventional methods but not limited to foliar spray, soil application, drip irrigation (applied after the irrigation filters), water run, shanking in or hydroponically.

Follow the labeled rates for nutrients and/or consult with your local PCA.
