

Safety Data Sheet

SECTION 1: IDENTIFICATION

Product Name: Hye Tech
Product Form: Liquid Mixture
Product Code: 801975-1
Product Use: Fertilizer
Supplier: GAR Bennett LLC
8246 S. Crawford
Ave. Reedley, CA
93654 Work Hours: (559) 638-6311
After Work Hours: (559) 908-9884
www.garbennett.com

TRANSPORTATION EMERGENCY NUMBER:
(559) 638-6311

SECTION 2: HAZARD IDENTIFICATION

Hazard Pictogram:

Signal Word: WARNING

Hazard Statements: May cause eye irritation or skin irritation.
May be harmful if swallowed.

Precautionary Statements:

Prevention: Wear eye/face protection, protective gloves and protective clothing. Do not eat, drink or smoke when using this product. Do not breath the spray mist. Wash thoroughly after handling

Response: If swallowed: Rinse your mouth and call a medical doctor if you feel unwell.
If in eyes: Rinse cautiously with water for several minutes. Remove any contact lenses, if present and if easy to do. Continue to rinse. If eye irritation persists, get medical advice/attention.

If on skin: Wash with plenty of water. Take off any contaminated clothing and continue to rinse the skin. Wash any contaminated clothing before reuse.

Storage: KEEP OUT OF REACH OF CHILDREN. Store in closed containers in a well ventilated place. Store only in approved fertilizer containers with the proper product label on it. Do not contaminate water, food or feed by storage or disposal.

Disposal: Dispose of excess material or spilled material by use in a cropping situation. If this is not possible, follow local regulations for disposal of contaminated product or containers.

No known hazards otherwise classified.

No data available for acute toxicity.

SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

This information is a Trade Secret

Chemical name:	CAS Number:	% by Weight:
Water	7732-18-5	
Urea	57-13-6	
TRADE SECRET	Not available	
TRADE SECRET	Not available	

SECTION 4: FIRST-AID MEASURES

- Eye Contact:** Immediately flush eyes with water for at least 15 minutes. Remove any contact lenses, if present and if easy to do. Continue to rinse. If eye irritation persists, get medical advice/attention.
- Skin Contact:** Immediately remove any contaminated clothing. Wash with plenty of water. If skin irritation continues, get medical advice/attention. Wash any contaminated clothing before reuse.
- Inhalation:** Move to fresh air and keep the person comfortable. Seek medical advice if you feel unwell or symptoms develop and persist.
- Ingestion:** Rinse mouth. Call a Poison Center or medical doctor if you feel unwell.
- Indication of Immediate Medical Attention and Special Treatment Needed:** Provide general supportive measure and treat any symptoms. Keep victim under observation. Symptoms may be delayed.

ALWAYS show this Safety Data Sheet to the doctor in attendance.

SECTION 5: FIRE-FIGHTING MEASURES

This is not a flammable liquid.

Use extinguishing media suitable for underlying causes of the fire.

Use water spray or fog for cooling exposed container.

Do not enter fire area without full protective equipment, including respiratory protection.

Do not contaminate water suppliers, lakes, streams, ponds, drains or sewers with spilled product or fire fighting water run-off.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Avoid inhalation of vapors and spray mist and contact with skin and eyes.

Keep unprotected and unnecessary personnel away from the spill area.

Use proper PPE as indicated in SECTION 8.

Dike all areas to prevent entry to sewers and any public water areas.

Notify local authorities if liquid enters sewers or public water areas.

Pump up any spilled material that is possible and reuse, if uncontaminated.

Return any contaminated material to the GAR facility for further processing.

Absorb any excess liquid with dirt or any other absorbent.

Return the dirt or any absorbent used for clean-up to GAR for further processing.

SECTION 7: HANDLING AND STORAGE

HANDLING:

- Keep and store in containers approved for fertilizer storage.
- Use proper PPE when handling this liquid fertilizer.
- Avoid inhalation of vapors or spray and any contact with skin or eyes.
- Thoroughly wash any skin areas exposed to the fertilizers.
- Provide good ventilation in any area handling the fertilizer.
- Do not allow this fertilizer to contaminate any lakes, ponds, drains or ditches.

STORAGE:

- Store away from any incompatible materials.
- Keep and store only in properly labeled containers.
- Keep containers closed when not in use.
- Do not transfer any fertilizer into any non-approved container.

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

There is no PEL/TLV information available for this fertilizer mixture.
During use or transfer operations, do so only in well ventilated areas.

PPE USE:

- Rubber or neoprene impervious gloves.
 - Splash-proof goggles or face-shields.
 - Impervious apron and footwear.
 - Other suitable PPE is allowable to prohibit contact with skin or eyes.
- Emergency skin and eye-wash equipment should be available in the work area.
- Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking.
- Always completely wash work clothes and PPE after use, in order to remove any contamination.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Appearance:	Dark brown to black
Odor:	Fishey smell with a slight smell of dirt.
pH:	7.3
Relative Density:	9.5 lbs. per gallon.
Specific Gravity:	1.14
Solubility in Water:	100%

NO INFORMATION OR DATA IS AVAILABLE FOR THE FOLLOWING AREA:

Upper/lower flammability or explosive limits		Viscosity
Vapor pressure	Odor threshold	Flash point
Melting/freezing point	Initial boiling point and range	
Flammability	Partition coefficient: n-octanol/water	
Auto Ignition temperature	Decomposition temperature	

SECTION 10: STABILITY AND REACTIVITY

This product is stable under normal temperature conditions and recommended uses.

May react with strong oxidants, nitrates, inorganic chlorides, chlorites and perchlorates.

Under conditions of fire, this materials may release ammonia, phosphorous oxides, cyanide compounds and other toxic fumes.

UAN 32 will form urea nitrate when mixed with nitric acid at low pH. Urea nitrate may become unstable and/or explosive under certain conditions.

Hazardous polymerization are not known to occur.

Avoid extremely high temperatures, water reactive materials, strong acids or strong bases.

SECTION 11: TOXICOLOGICAL INFORMATION

Eye contact: May cause irritation to the eyes with contact. Prolonged contact may cause severe irritation or damage.

Skin contact: Prolonged or repeated skin contact may cause irritation or a rash.

Inhalation: Vapors and spray mist may irritate the throat and respiratory system and cause coughing.

Ingestion: May cause irritation and malaise.

This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.

No information can be found for the Acute or Chronic Oral, Dermal or Inhalation effects.

SECTION 12: ECOLOGICAL INFORMATION

These products are not classified as environmentally hazardous. However, that does not mean that large or frequent spills of product would not be harmful or damaging to the local environment.

This product is water soluble and will disperse in soil.

SECTION 13: DISPOSAL CONSIDERATIONS

Any waste product that can't be safely used as intended, should be disposed of in accordance with all local, State and Federal regulations.

Disposal recommendations should be determined at the time of disposal and will depend on the characteristics of the material at the time of disposal.

Any container needing to be disposed of, should be rinsed prior to disposal and the rinse water used as the fertilizer material is intended to be used.

SECTION 14: TRANSPORT INFORMATION

Not regulated as a hazardous material by DOT.

Not regulated as a dangerous good by IATA.

Not regulated as a dangerous good by IMDG

SECTION 15: REGULATORY INFORMATION

This product meets the definition of a “Hazardous Chemical” as defined by OSHA in the Hazard Communication Standard, 29, CFR 1910.1200.

National Fire Protection Association Rating:

Health: 1	Fire: 0	Reactivity: 0
-----------	---------	---------------

S.A.R.A. Title III Hazard Classification:

Immediate (Acute) Health:	Y
Delayed (Chronic) Health:	N
Sudden Release of Pressure:	N
Fire:	N
Reactive:	N

WARNING: This product can expose you to chemicals including arsenic, cadmium, and lead, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Information regarding the contents and levels of metals in this product is available by calling 1-800-696-6108.

SECTION 16: OTHER INFORMATION, INCLUDING DATE OF PREPARATION OR LAST REVISION

Issue Date: 12/30/2022

Date Revised: 12/30/2022
