**NOTICE:** Information regarding the contents and levels of metals in this product is available by calling 1-800-696-6108

## GENERAL INFORMATION

Hye-Tech Cu-Zn is a soil applied liquid nutrient product that is designed to provide Copper and Zinc, which may be deficient in the plant or soil.

## DIRECTIONS FOR SOIL APPLICATIONS:

Hye-Tech CU-ZN can be applied to all crops including fruits, vegetables, trees, vines, flowers, ornamentals, turf, grain and other row crops.

Application rates and frequency are dependent upon soil and climate conditions present. Typical application rates range from 0.25 to 2.0 gallons per crop per acre.

Hye-Tech CU-ZN may be applied alone or with liquid fertilizers.

Hye-Tech CU-ZN is for soil applications only. It may be applied in any conventional soil application manner such as drip irrigation (applied **after** the irrigation filters), water run, shanking in or hydroponically.

Follow the labeled rates for nutrients and/or consult with your local PCA.

Compatibility can be simply checked by:

- Test mix all proposed ingredients in a clear container in the same proportion to be used in the field.
- Agitating vigorously for at least 30 seconds.
- Visually observing for precipitate.

**CONDITIONS OF SALE AND WARRANTY:** GAR Bennett, LLC (GB) warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated when used in accordance with the use directions under normal conditions. GB neither makes, nor authorizes any agent or representative to make, any other warranties, express or implied, including fitness or merchantability. The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as timing and method of application, weather and crop conditions, presence of other materials, or other influencing factors, all of which are beyond the control of GB. Buyer and user acknowledge and assume all risks and liability resulting from the handling, storage and use of this material not in strict accordance with directions given herewith. In no case shall GB be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling or use of this product. The foregoing is a condition of sale by GB and is accepted as such by the Buyer.
