PRODUCT INFORMATION

IVC Buffer is a spray adjuvant designed to improve the effectiveness of certain agricultural chemicals by reducing the pH of higher alkaline water. May be used with suitable wetting agents.

Compatibility: Use care when combining with copper fungicides since solubility of copper may be increased and cause plant injury. **DO NOT** combine with 2, 4-D formulations, as a precipitate may form and herbicidal activity be reduced. If any question of compatibility arises, a small batch test should be made prior to full batch mixing.

DIRECTIONS FOR USE

Use at the rate of 1 to 4 pints per 100 gallons of spray solution. Maximum amount to be used will depend on the pH of the water supply.

APPLICATION RATE RECOMMENDATIONS

As a Tank Mix Adjuvant: Use at a rate of 0.25% v/v to 1.00% v/v (1 to 4 quarts per 100 gallons). This product can be used with a range of liquid fertilizers and crop control products. Always read and follow label directions of the accompanying tank mix product pertaining to the use of an adjuvant.

Jar Test: Conduct a jar test in advance to confirm tank mix compatibility. Fill tank mix 1/2 full with water then add this product without agitation. Add remaining ingredients; fill the remaining water then agitate. The use of an antifoam agent will help minimize foam.

STORAGE AND DISPOSAL

Do not store below 32°F or above 120°F.

DO NOT contaminate water, food, or feed by storage or disposal.

STORAGE: Store product in original container only, away from other pesticides, fertilizers, food or feed.

DISPOSAL: Wastes resulting from the use of this product must be disposed of on-site or at an approved waste disposal facility. Dispose of contents / container in accordance with local / regional / national regulations. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates

the national recycling program. To contact your state and local ACRC recycler, visit the ACRC web page at www.acrecycle.org.

Decontaminated containers may also be disposed of in a sanitary landfill.

DO NOT REUSE EMPTY CONTAINER FOR ANY PURPOSE.
