

INTEGRITY™ MICRO SET

5-0-0

GENERAL DESCRIPTION:

A micronutrient mineral supplement for foliar and/or drip applications to trees & vines, vegetable & field crops, turf & greenhouse plants, and various ornamental species.

Integrity Micro Set may also be used to provide extra protection ahead of and during periods of physiological or environmentally induced stress periods.

Integrity Micro Set may be used with most fungicides, insecticides, adjuvants or nutrients.

NOTICE: The application of fertilizing materials containing molybdenum may result in forage crops containing levels of molybdenum which are toxic to ruminant animals.

CAUTION: Harmful if swallowed, induce vomiting. Avoid contact with skin and eyes as it may cause irritation and possible damage. Thoroughly flush any exposed body parts with liberal quantities of water. If irritation persists, consult a physician. Keep out of direct sunlight and temperatures over 105 deg F. Fill the spray tank at least $\frac{3}{4}$ full with water before commencing with blending of various spray materials.

Consult your Fusion 360 technical representative for complete programs, compatible combinations, or rates specific to sensitive plant tissues.
