

Interlink Guild™

High Surfactant Oil Concentrate

Principal Functioning Agents:

Petroleum hydrocarbons, fatty acids, alkylphenol ethoxylates	99%
Constituents ineffective as spray adjuvants	1%
TOTAL	100%

All ingredients are exempt from tolerance under 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN WARNING

Causes skin irritation. Causes serious eye irritation. Read label before use. Keep container tightly closed. Keep only in original container. Avoid breathing vapors or spray. Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves, protective clothing, eye protection.

FIRST AID

Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing. If eye irritation persists: Get medical advice or attention.

IF ON SKIN OR CLOTHING: Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water for several minutes. If skin irritation persists: Get medical advice or attention.

IF SWALLOWED: Rinse mouth. Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person. DO NOT INDUCE VOMITING.

IF INHALED: If breathing is difficult, remove person to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER or doctor if you feel unwell.

GENERAL INFORMATION

Interlink Guild™ is a concentrated blend of emulsifiers and paraffinic oil designed for use with a broad range of herbicides where a high surfactant oil concentrate adjuvant (HSOC) is recommended by the active ingredient label.

Interlink Guild increases contact activity and penetration of the spray while providing uniform coverage on leaf surfaces at half the rate of standard crop oil.

Interlink Guild is formulated with an emulsifier system that increases electrolyte stability in tank mixes when nitrogen fertilizers such as AMS or UAN are added.

DIRECTIONS FOR USE

Not For Aquatic Use.

Follow the recommendations of the most restrictive active ingredient label.

Tank mixtures should only be applied within the label recommendations of every product in the tank mixture.

NOTE: The effect of any adjuvant on a chemical's performance is not predictable under all conditions of weather, plant vigor, application methods and even water types.

Care should be taken in treating sensitive crops during drought stress, high temperatures and high humidity.

The user should consult his local agricultural extension agent or make his own tests to determine the optimum level of Guild for special pesticide sprays and crops.

If the user does not have experience with the mixture being applied, perform a jar test using the order and amounts in the mixture and perform a phytotoxicity test to ensure crop safety.

Order of addition

Prior to mixing, fill the spray tank with half of the carrier. Start the sprayer and check to make sure that all valves and gauges work and that there is adequate tank agitation.

Maintain agitation during the entire process. Continue agitation while filling the tank with water and agitate before and during each application to ensure a uniform spray.

In general, follow the W-A-L-E-S plan when adding herbicides to a tank mix.

1. Wettable Powders (WP) then Flowables (F, DF)
2. Agitate then add anti-foaming compounds, buffers
3. Liquid and Soluble products
4. Emulsifiable concentrates (EC)
5. Interlink Guild and other adjuvants

USE RATES

Ground, Aerial, Low Volume, CDA:

Recommended rate of other crop oil concentrates (COC)	Interlink Guild Use Rate
1% v/v (1 gallon per 100 gallons of water)	0.5% v/v (2 quarts per 100 gallons of water)
0.5% v/v (2 quarts per 100 gallons of water)	0.25% v/v (1 quart per 100 gallons of water)
2 pints per acre	1 pint per acre

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place. Store in original container only. Do not add anything to the container. Keep container tightly sealed when not in use. Do not store near fire, flame or other potential sources of ignition. Do not contaminate water, food or feed by storage or disposal of this product. **STORE BETWEEN 40° AND 90° F.**

Disposal: Do not contaminate water, food or feed by storage or disposal. Dispose of contents in container to an approved waste disposal facility in accordance with all local, regional, national and international regulations. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal if allowed by law. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrcycle.org. Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.

Conditions of Sale and Warranty Limitation: The directions for use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of Elite Technologies or the seller. All such risks shall be assumed by the buyer. Elite Technologies warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks referred to above. Elite Technologies makes no other express or implied warranty of fitness or merchantability or any other express or implied warranty. In no case shall Elite Technologies or the seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. Elite Technologies and the seller offer this product, and the Buyer and the User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of Elite Technologies.
