

KYTE-GOLD™

BIOLOGICAL INOCULANT

From the farm to the table... sustainably

CONTAINS NON PLANT FOOD INGREDIENT(S):

* Microbial Ingredients:

Bacillus chitinosporus: 1.6×10^8 CFU/mL

Inert Ingredients:

94.17% water
2.5% Shrimp meal

PRODUCT INFORMATION:

KYTE-GOLD is a special blend of *Bacillus chitinosporus* with shrimp meal. It may help with plant nutrient uptake.

DIRECTIONS FOR USE:

The recommended dosage per crop cycle is 1.5 Gal to 2 Gal per acre. This dosage can be split in 2 to 4 soil or drip irrigation applications. For vegetable and row crops, apply 2 quarts/acre 1 week prior to or at planting, repeat application 1/3 of the way and 2/3 of the way in the crop cycle. The minimum recommended dilution is 1 % (1 gal **KYTE-GOLD** / 100 gal water). This product is pH sensitive and should not be mixed with other tank mix without first performing a jar compatibility test. The water used for the dilution must have a pH lower than 6 in order to avoid precipitation. Adjust water pH if needed before adding **KYTE-GOLD**. SHAKE BEFORE USE.

KYTE-GOLD can also be incorporated on soil substrates. The recommended incorporation rate is 10 to 15 ml per cubic meter of substrate.

CAUTION: KEEP OUT OF REACH OF CHILDREN

These are general product recommendations; please consult with your sales representative for more information.

PRECAUTIONS:

Avoid getting in eyes or on skin or clothing. The use of side-shield safety glasses and gloves is recommended. Harmful if swallowed. If skin contact occurs, remove contaminated clothing and wash with large amounts of soap and water. If in eyes, rinse repeatedly with clean water for 15 minutes. Obtain medical attention for any persistent irritation.

CONTAINER DISPOSAL:

Dispose of waste material in accordance with federal, state and local environmental laws and regulations.

STORAGE:

Keep container sealed tightly when not in use. Keep product in a cool location away from direct sunlight. Store in temperatures between 5° C (41°F) and 25° C (77°F).

CONDITIONS OF SALE:

Seller warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on the label when used in accordance with directions under normal use and conditions. Crop injury, inefficacy, or other unintended consequences may result from factors, such as weather conditions, presence of other materials, or the manner of use or application, which are beyond the control of seller. In no case shall seller or its affiliates be liable for consequential, special or indirect damages resulting from the use, handling, or shipping of this product. No warranty is expressed or implied, including warranty of merchantability or fitness for a particular purpose.
