Material Safety Data Sheet

May be used to comply with OSHA's Hazard Communication Standard 29CFR 1910. Standard must be consulted for specific requirements.

Product: Key Plex 350 DP

QUICK IDENTIFIER

Common Name: (Used on label and list)

SECTION 1 -	Zinc, Iron, Manganese, and Ma	gnesium; Glucoheptanate and Boroi	n
Manufacturer's Name:	Pro Plus Golf Services, Inc.	Emergency Telephone Number:	1-(866)375-2487
Address:	149 County Line Road East	Other Information Calls:	1-(863)375-2487
City, State, and Zip	Bowling Green, Florida 33834	Date Prepare:	1/27/1997
SECTION 2 -	HAZARDOUS INGRE	DIENTS/IDENTITY	
Ferrous Sulfate Magnesium Sulfate	chemical & common name(s)	OSHA PEL ACGIH TLV EXPOSUR	RELIMITS CAS NO.
Zinc Sulfate Sodium Borate		N/A	16940-66-2
Sodium Glucoheptana	te.	N/A	31138-65-5
Alpha Keto Acid		N/A	01100 00 0
Manganese sulfate		N/A	
Sodium Molybdate		N/A	7631-95-0
SECTION 3- Boiling Point: Vapor Pressure	N/A Specific Gravity	•	: N/A
SECTION 4- FIRE & EXPLOSION DATA			
		DATA	
	FIRE & EXPLOSION I N/A °F N/A Method Used LEL Lowe	d: N/A	can extinguish with
Flash Point: ammable Limits in Air: Auto-Ignition Temp: Special Fire Fighting	N/A °F Method Used N/A LEL Lowe N/A Extinguisher Media This product is non-flammable, decomposition, Sulfur dioxide for	d: N/A r: UEL Upper a: Non flammable if involved in fire, dry chemical; CO ₂ , water spray or and does not support combustion. I	can extinguish with r foam. If heated to
Flash Point: ammable Limits in Air: Auto-Ignition Temp: Special Fire Fighting Procedures:	N/A °F Method Used LEL Lowe N/A Extinguisher Media This product is non-flammable, decomposition, Sulfur dioxide for Use of self contained breathing	d: N/A r: UEL Upper a: Non flammable if involved in fire, dry chemical; CO ₂ , water spray or and does not support combustion. In umes could be emitted. apparatus is recommend when ther	can extinguish with r foam. If heated to e is extreme heat.
Flash Point: ammable Limits in Air: Auto-Ignition Temp: Special Fire Fighting Procedures: Unusual Fire and	N/A °F Method User N/A LEL Lowe N/A Extinguisher Media This product is non-flammable, decomposition, Sulfur dioxide for Use of self contained breathing If this product is heated to an an	d: N/A r: UEL Upper a: Non flammable if involved in fire, dry chemical; CO ₂ , water spray or and does not support combustion. I	can extinguish with r foam. If heated to e is extreme heat.
Flash Point: ammable Limits in Air: Auto-Ignition Temp: Special Fire Fighting Procedures: Unusual Fire and	N/A °F Method User N/A LEL Lowe N/A Extinguisher Media This product is non-flammable, decomposition, Sulfur dioxide for Use of self contained breathing If this product is heated to an an	d: N/A r: UEL Upper a: Non flammable if involved in fire, dry chemical; CO ₂ , water spray of and does not support combustion. If umes could be emitted. apparatus is recommend when ther hydrous state it will omit Sulfur diox	can extinguish with r foam. If heated to e is extreme heat.
Flash Point: ammable Limits in Air: Auto-Ignition Temp: Special Fire Fighting Procedures: Unusual Fire and	N/A °F N/A LEL Lowe N/A Extinguisher Media This product is non-flammable, decomposition, Sulfur dioxide further Use of self contained breathing If this product is heated to an authorized in the contained breathing.	d: N/A r: UEL Upper a: Non flammable if involved in fire, dry chemical; CO ₂ , water spray of and does not support combustion. If umes could be emitted. apparatus is recommend when ther hydrous state it will omit Sulfur diox	can extinguish with r foam. If heated to e is extreme heat.
Flash Point: ammable Limits in Air: Auto-Ignition Temp: Special Fire Fighting Procedures: Unusual Fire and Explosion Hazards:	N/A °F N/A LEL Lowe N/A Extinguisher Media This product is non-flammable, decomposition, Sulfur dioxide for Use of self contained breathing If this product is heated to an an hazardous if inhaled. Exposure	d: N/A r: UEL Upper a: Non flammable if involved in fire, dry chemical; CO ₂ , water spray or and does not support combustion. I umes could be emitted. apparatus is recommend when ther hydrous state it will omit Sulfur diox to high heat can emit toxic vapors.	can extinguish with r foam. If heated to e is extreme heat. A side which are
Flash Point: ammable Limits in Air: Auto-Ignition Temp: Special Fire Fighting Procedures: Unusual Fire and Explosion Hazards: SECTION 5- Stability: Incompatibility	N/A °F N/A LEL Lowe N/A Extinguisher Media This product is non-flammable, decomposition, Sulfur dioxide for Use of self contained breathing If this product is heated to an an hazardous if inhaled. Exposure PHYSICAL HAZARDS	d: N/A r: UEL Upper a: Non flammable if involved in fire, dry chemical; CO ₂ , water spray or and does not support combustion. I umes could be emitted. apparatus is recommend when ther hydrous state it will omit Sulfur diox e to high heat can emit toxic vapors. 6 (REACTIVITY DATA)	can extinguish with r foam. If heated to e is extreme heat. Itide which are
Flash Point: ammable Limits in Air: Auto-Ignition Temp: Special Fire Fighting Procedures: Unusual Fire and Explosion Hazards: SECTION 5- Stability: Incompatibility	N/A °F N/A LEL Lowe N/A Extinguisher Media This product is non-flammable, decomposition, Sulfur dioxide for Use of self contained breathing If this product is heated to an an hazardous if inhaled. Exposure PHYSICAL HAZARDS	d: N/A r: UEL Upper a: Non flammable if involved in fire, dry chemical; CO ₂ , water spray or and does not support combustion. I umes could be emitted. apparatus is recommend when ther hydrous state it will omit Sulfur diox to high heat can emit toxic vapors. G (REACTIVITY DATA) Unstable Conditions to Avoid	can extinguish with r foam. If heated to e is extreme heat. Itide which are
Flash Point: ammable Limits in Air: Auto-Ignition Temp: Special Fire Fighting Procedures: Unusual Fire and Explosion Hazards: SECTION 5- Stability: Incompatibility	N/A °F N/A LEL Lowe N/A Extinguisher Media This product is non-flammable, decomposition, Sulfur dioxide for Use of self contained breathing If this product is heated to an an hazardous if inhaled. Exposure PHYSICAL HAZARDS	d: N/A r: UEL Upper a: Non flammable if involved in fire, dry chemical; CO ₂ , water spray or and does not support combustion. I umes could be emitted. apparatus is recommend when ther hydrous state it will omit Sulfur diox to high heat can emit toxic vapors. G (REACTIVITY DATA) Unstable Conditions to Avoid	can extinguish with r foam. If heated to e is extreme heat. cide which are

SECTION 5-	PHYSICAL HAZARDS (REACTIVITY DATA)Continued		
Hazardous Decomposition Products: SO ₂ vapors.			
	dous Polymerization: May Occur: Will Not Occur: Conditions to Avoid: Extreme Heat.		
SECTION 6-	HEALTH HAZARDS		
	Mild skin irritant, conjunctivitis, upset stomach and or gastrointestinal symptoms are temporary. Prolonged skin contact may result in dermatitis (drying) or eczema (itching)		
CARCINOGEN LISTED IN:	NTP OSHA IARC MONOGRAPH X NOT LISTED		
ROUTES OF ENTRY AND EMERGENCY FIRST AID PROCEDURES			
 Inhalation: Eyes: 	Move victim to fresh air and perform artificial respiration if necessary. Call physician if symptoms persist. Flush eyes with running water for 15 minutes.		
3. Skin:	Wash with soap and water, remove contaminated clothing.		
4. Ingestion:	Give large amounts of water and INDUCE VOMITING. Call a physician immediately.		
SECTION 7-	SPECIAL PRECAUTIONS AND SPILL/LEAK PROCEDURES		
Precautions to be Taken Handling and Storage:	Store in cool ventilated place away from fire hazards, excessive heat, flammable or easily oxidizable materials.		
Other Precautions:	Do not allow product to go below 35 degrees. Apply product in open areas. Keep away from children and pets. Do not contaminate any water sources.		
Steps to be taken in case of Release or Spill	Clean at once. Do not allow dry material or come in contact with heat.		
	Consult federal, state, and local regulations Flush with water to and collect in a chemical waste disposal. Dispose according to federal, state and local regulations.		
SECTION 7-	CONTROL AND PROTECTIVE MEASURES		
Respiratory Protection:	None required if used in open under normal conditions. Self contained respiratory equipment should be used in the event of a spill.		
Protective Gloves:	Rubber or plastic.		
Eye Protection:	Goggles or face shield.		
Other Protective Clothing or equipment:			
Hygienic Work Practice	Bath and wash clothes after mission is complete.
