

GUARANTEED ANALYSIS

Total Nitrogen (N) 30.00%
 12.00% Urea Nitrogen
 18.00% Other Water Soluble Nitrogen*

DERIVED FROM: Triazone, Methylene Urea and Urea.

Biuret (Max.) 0.05%

*18.00% Slowly available nitrogen from triazone and methylene urea.
LINK® 30L contains 3.15 pounds of nitrogen per gallon.

POWERED BY

KEEP OUT OF REACH OF CHILDREN PRECAUTION

Do not ingest. Avoid breathing dust, vapor or mist. Avoid contact with eyes, skin or clothing. Wash hands and affected areas thoroughly with soap and water after handling.

FIRST AID

IF SWALLOWED: Rinse mouth. Call a doctor or poison control center if symptoms occur or you feel unwell. **IF INHALED:** Move person to fresh air and keep comfortable for breathing. Call a doctor or poison control center if symptoms occur or you feel unwell. **IF IN EYES:** Rinse with water for several minutes. Remove contact lenses, if present, then continue rinsing. Call a doctor or get medical attention if irritation occurs and persists. **IF ON SKIN:** Wash off with soap and water. Call a doctor or get medical attention if irritation occurs and persists.

For chemical spills, leaks, fire or exposure, call
CHEMTREC: (800) 424-9300 or Poison Control Center: (800) 222-1222.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage, disposal or cleaning of equipment.
 Store in a safe manner. Store in original container only and keep tightly sealed when not in use. Dispose of unused product and empty containers in accordance with federal, state and local regulations.

GENERAL INFORMATION

- 18% of the total nitrogen is in a slow release form
- Powered by NDemand®
- Enhanced foliar uptake

LINK® 30L is a prescription-formulated foliar fertilizer powered by NDemand, a polymer-based nitrogen. NDemand contains properties that allow the spray to dry slowly for maximum foliar uptake. Soil-applied NDemand provides slow release nitrogen activity in the soil profile. **LINK 30L** is a low salt index, low biuret foliar nutrient providing efficient plant uptake, rapid plant response and excellent plant safety. **LINK 30L** is designed primarily for foliar applications to prevent or correct nutrient deficiencies in turf and a wide range of ornamental plants. **LINK 30L** should be used as part of a comprehensive Total Nutrition System® for optimizing plant growth, development and quality.

Application of **LINK 30L** is a means of obtaining a quick response to needed plant nutrients and beneficial elements. Foliar applications of **LINK 30L** may be particularly beneficial during periods of peak nutrient demand, for plants grown on soils having poor nutrient availability, for plants suffering from a weakened root system or for other plant stresses.

LINK products are formulated specifically for the professional market including greenhouse, field and container-grown nursery, sports turf, golf, lawn care, and landscape managers.

DIRECTIONS FOR USE

When applying **LINK 30L**, maintain agitation to provide uniform distribution within spray tank. If a spreader is desired or recommended in the mix, use a high quality CPDA approved spreader, such as DENALI-EA™ or RAINIER-EA®, at recommended rates to improve spray coverage. Do not apply when plants are under excessive heat or moisture stress.

TURFGRASS

Greens and Tees: Apply 2-12 ounces per 1,000 sq. ft. with sufficient water to prevent tip burn (1-2 gallons). Repeat as needed. Corresponding rates per acre are 3 quarts to 4 gallons per acre in 40-80 gallons of water.

Fairways and Lawns: Apply 4-20 ounces per 1,000 sq. ft. with sufficient water to prevent tip burn (1-4 gallons). Repeat as needed. Corresponding rates per acre are 1.5-7 gallons per acre in 40-160 gallons of water.

NITROGEN CONVERSION RATE:

Pounds of Nitrogen per 1,000 sq. ft.	Amount of LINK 30L to apply per 1,000 sq. ft.
0.10 pound	4 ounces
1.00 pound	40 ounces

Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.aapfco.org/metals.html>

LANDSCAPE ORNAMENTALS

Foliar Spray Applications:

Herbaceous Plants: Apply 1-2 quarts per 100 gallons of water. Spray to runoff. Repeat as needed.

Trees and Shrubs: Apply 2-4 quarts per 100 gallons of water. Spray to runoff. Repeat as needed.

NURSERY AND GREENHOUSE

Foliar Spray Applications: Apply 2-4 quarts per 100 gallons of water. Spray to runoff. Repeat as needed.

Soil Drench Applications: Mix 1-2 ounces of **LINK 30L** in 1 gallon of water and thoroughly drench soil. Repeat as needed.

Injection Applications: Apply at a rate of 50-150 ppm of nitrogen. For 100 ppm of nitrogen, prepare a stock solution of 3.4 ounces of **LINK 30L** per gallon of water and inject stock solution at a ratio of 1:100.

COMPATIBILITY

LINK 30L is compatible with many co-applied nutrient sources as well as plant protection products. Always jar test new combinations for compatibility prior to field mixing. Care should be taken not to blend **LINK 30L** with highly acidic materials.

SPECIAL CONSIDERATIONS: **LINK 30L** has an alkaline pH and may raise spray solution pH. When tank mixed with materials sensitive to alkaline degradation, the use of a buffer or acidifier is advised. Add buffer or acidifier to spray tank prior to adding **LINK 30L**. Reducing spray solution pH below 5.0-5.5 may result in precipitation.

PRECAUTIONS: The application rates listed are only guidelines to be used in the development of your nutrient management plan. The rates may not apply to your local growing conditions. Test this product before use under your local growing conditions, application methods and desired rates. Adjust irrigation volume and frequency to maintain appropriate soluble salt levels.

Conditions of Sale and Limitation of Warranty and Liability:

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using the product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of the product should be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of many different factors including, without limitation, manner of use or application, weather, combination with other products, or crop conditions. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Manufacturer and Seller harmless from any claims relating to such factors.

Seller warrants that this product conforms to the chemical description on the label. EXCEPT FOR THIS WARRANTY, THE PRODUCT IS FURNISHED "AS-IS," AND NEITHER SELLER NOR MANUFACTURER MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE SELECTION, PURCHASE OR USE OF THIS PRODUCT; SELLER AND MANUFACTURER SPECIFICALLY DISCLAIM ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Buyer and User accept all risks arising from any use of this product, including without limitation uses contrary to label instructions, under abnormal conditions, or under conditions not reasonably foreseeable to (or beyond the control of) Seller or Manufacturer.

To the extent permitted by law, neither Manufacturer nor Seller shall be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE BUYER OR USER, AND THE EXCLUSIVE LIABILITY OF MANUFACTURER AND SELLER, FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT, OR, AT THE ELECTION OF MANUFACTURER OR SELLER, THE REPLACEMENT OF THE PRODUCT.

These Conditions of Sale and Limitation of Warranty and Liability shall be interpreted in accordance with the laws of the State of California, excluding its conflicts of laws rules, and may not be amended by any oral or written agreement.
