FIFRA

Section 2(ee) Recommendation

Date: May 25, 2018

Product: Lumax® EZ
EPA Reg. No. 100-1442

Use: Application of Lumax EZ for residual control of Italian ryegrass in sugarcane.

State: Louisiana

Directions for Use

- **It is a violation of Federal law to use this product in a manner inconsistent with its labeling.**
- **The user must refer to the federally approved labels for the above noted product and read and follow all directions for use, restrictions, and precautions.**
- **The user should have this recommendation in its possession at the time of use.**
- **This recommendation for use of this product is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by EPA.**

Apply Lumax EZ at a rate of 2.0 - 3.75 qt/A for residual control of Italian ryegrass in sugarcane. Use the lower end of the rate range (2.0 – 2.75 qt/A) on lighter soils and soils with low organic matter.

Lumax EZ will not control emerged Italian ryegrass. Control emerged ryegrass with an appropriate registered herbicide or by mechanical or physical means prior to Lumax EZ being activated.

Follow all directions for use, restrictions and precautions given on the Lumax EZ Section 3 Label and the Lumax EZ Section 3 Supplemental Label for Sugarcane (SCP-1442-S1 0318).
