

MAGNUM PHOS THIRTY

3-30-3

GUARANTEED ANALYSIS

Total Nitrogen (N):	3.0%
3.0% Urea Nitrogen	
Available Phosphate (P ₂ O ₅):	30.0%
Soluble Potash (K ₂ O):	3.0%
Cobalt (Co):	0.2%
Molybdenum (Mo):	0.3%

Derived from: Urea, Potassium phosphate, Phosphoric acid, Sodium molybdate, Cobalt sulphate.

PURPOSE OF PRODUCT

A foliar applied inorganic liquid formulation of phosphorous and other nutrients for application to agricultural and horticultural crops to assist in the correction of various deficiencies.

RATES OF USE

1-5 pints per acre in at least 25 gallons of water.

Note: A crop's nutrient status can only be determined accurately by tissue analysis. Headland recommends that tissue analysis results are used whenever possible to optimise nutrient applications.

TIMING

Apply as soon as there is sufficient foliage available to allow uptake by the plant. Treat transplanted crops at the seedling stage.

APPLICATION

Half-fill the spray tank with clean water, begin agitation and add the required quantity of Magnum Phos Thirty. Add the rest of the water and apply without delay.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.html>

STORAGE

Protect from frost. Store above 41°F.

Keep in cool, well ventilated suitable store. Do not store in direct sunlight or near direct sources of heat. Keep out of reach of children. Keep away from food, drink and animal feedstuffs.

SAFETY PRECAUTIONS

CAUTION: Magnum Phos Thirty contains molybdenum (Mo). Application of fertilizing materials containing molybdenum (Mo) may result in forage crops containing levels of molybdenum (Mo) which are toxic to ruminant animals.

GHS-US classification

Danger

H314: Causes severe skin burns and eye damage.

H317: May cause an allergic skin reaction.

H350i: May cause cancer by inhalation.

H360F: May damage fertility.

P202: Do not handle until all safety precautions have been read and understood.

P260: Do not breathe mist/vapours/spray.

P272: Contaminated work clothing should not be allowed out of the workplace.

P280: Wear protective gloves/protective clothing/eye protection/face protection.

P303+361+353: IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.

P304+340: IF INHALED: Remove person to fresh air and keep comfortable for breathing.

P310: Immediately call a POISON CENTER/doctor/physician.

Contains: ORTHOPHOSPHORIC ACID;
COBALT (II) SULPHATE

Batch No: See neck of the bottle

Net Contents: 1 qt (0.95 L)

Net Weight: 3.54 lb (1.61 kg)
