

MYCORMAX

Biological Transplant Starter

Product Information

MYCORMAX is an inoculum of Vesicular-Arbuscular Mycorrhizal Fungi (*Glomus species*) and other mycorrhizal fungi. It contains spores of different beneficial mycorrhizal fungi in a clay-based carrier. Mycorrhizal fungi are beneficial organisms that form a symbiotic relationship with plants that result in increased water and nutrient uptake and provides some protection from environmental stress such as drought. These benefits increase the plants vigor.

Active Ingredients:		2%
25 cfu/gm	<i>Glomus intraradices</i>	
25 cfu/gm	<i>Glomus mosseae</i>	
15,300 cfu/gm	<i>Pisolithus tinctorius</i>	
Inert Ingredients:		98%
		100%

CONTAINS NON-PLANT FOOD INGREDIENTS

Directions and General Recommendations

Adds beneficial fungi to the soil
Aids plants in nutrient and water uptake
Increases phosphorus uptake in nutrient deficient soil

EASY TO USE BIODEGRADABLE PACKETS

TRANSPLANTING

Place recommended number of **MYCORMAX** biodegradable bags directly into the planting hole, being sure to place the bags close to the root system.

NUMBER OF BAGS PER PLANT

Small Plants.....	1 Bag
1 gal. Plants.....	1 Bag
5 gal. Plants.....	3 Bags
15 gal. Plants.....	8 Bags

ESTABLISHED PLANTS

Remove the soil around the base of the plant, tree or shrub. Be careful not to damage any existing roots. Place the recommended number of **MYCORMAX** biodegradable bags directly into the hole as close to the root system as possible. It is recommended that **MYCORMAX** be applied once a year to maintain the mycorrhizae population.

STORAGE

Keep dry, cool, and out of the sun. Retains full effectiveness for 24 months when properly stored.

INCOMPATIBILITIES

Product may be rendered ineffective in the presence of high rates of phosphorus fertilizer. This biological product may be killed if combined with fungicides, soil fumigants, aqueous ammonia, phosphoric acid, or sulfuric acid. If applied with fertilizers, there is a possibility of salt toxicity to the beneficial fungi.

Precautionary statement: do not swallow. Avoid contact with eyes. **First Aid:** if swallowed: Seek medical attention. Rinse mouth. If in eyes: remove contact lenses if present. Wash thoroughly with water for several minutes. **Storage & Disposal:** store in a safe manner. Dispose product/container in accordance with federal, state, and local regulations.

LIMITED WARRANTY

Manufacturer or seller makes no warranty, whether expressed or implied, concerning the use of this product other than for the purposes indicated on the label. Neither the manufacturer or the seller shall be liable for any injury or damage caused by this product due to misuse, mishandling, or any application not specifically described on the label.
