

MYCORMAX

Biological Inoculum

Product Information

MYCORMAX is an inoculum of vesicular-arbuscular mycorrhizal fungi (*Glomus* species) and other mycorrhizal fungi. It contains spores of different beneficial mycorrhizal fungi in a clay-based carrier.

CONTAINS NONPLANT FOOD INGREDIENTS

Active Ingredients:.....2%

25 cfu/gm	<i>Glomus intraradices</i>
25 cfu/gm	<i>Glomus mosseae</i>
15,300 cfu/gm	<i>Pisolithus tinctorius</i>

Inert Ingredients:.....98%
100%

KEEP OUT OF REACH OF CHILDREN

Directions and General Recommendations

For direct use to soil, incorporate to a depth of two to six inches. To get a fast start in early spring, concentrate inoculum between one and three inches deep below the seed. In well-worked land, use a Clamcco or similar banding equipment. May also be distributed and disked into soil, or incorporated with a mulcher. In rough or unworked ground, best results have been observed with a specially modified land imprinter. For best results apply at minimum rate of 1-5 lb./ac.

MIXING INTO BULK MEDIA

May be mixed with most mechanical equipment that allows passage of ¼" or larger particles. Do not crush or grind. Assure that mixing equipment does not heat up in the sun. For use in bulk-mixed container media, use a minimum of 1 lb. per cubic yard. Higher amounts give more rapid root colonization.

STORAGE

Keep dry, cool, and out of sun. Retains full effectiveness for 24 months when properly stored.

INCOMPATIBILITIES

Product may be rendered ineffective in the presence of high rates of phosphorus fertilizer. This biological product may be killed if combined with fungicides, soil fumigants, aqueous ammonia, phosphoric acid, or sulfuric acid. If applied with fertilizers, there is a possibility of salt toxicity to the beneficial fungi.

Precautionary statement: do not swallow. Avoid contact with eyes. **First Aid:** if swallowed: Seek medical attention. Rinse mouth. If in eyes: remove contact lenses if present. Wash thoroughly with water for several minutes. **Storage & Disposal:** store in a safe manner. Dispose product/container in accordance with federal, state, and local regulations.
