

Mainstay™

Mainstay Spreader / Sticker / Surfactant / Deposition Aid

Principal Functioning Agents

Alkyl phenol ethoxylate, poly(methylene-para-nonylphenoxy)poly(oxypropylene)	21.2%
propanol, triethanolamine.....	2.5%
Petroleum distillates.....	76.3%
Constituents ineffective as spray adjuvants.....	100.0%
Total.....	100.0%

All ingredients are exempt from the requirements of a tolerance as specified in 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN WARNING

Hazard Statements

- Causes serious eye irritation.
- Causes mild skin irritation.

Precautionary Statements

- Wash thoroughly after handling.
- Wear protective gloves/eye/face protection.
- If on skin, wash with plenty of soap and water.
- If skin irritation occurs, get medical advice/attention.
- If in eyes, rinse continuously with water for several minutes.
- Remove contact lenses if present and easy to do; continue rinsing eye.
- If eye irritation persists, get medical advice/attention.

Environmental Hazards

Not for aquatic use. Do not contaminate water sources by cleaning of equipment or disposal of wastewaters.

First Aid

If Swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Always call a poison control center or doctor for treatment advice.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Always call a poison control center or doctor for treatment advice.

If on Skin or Clothing: Take off contaminated clothing and wash before reuse. Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. Always call a poison control center or doctor for treatment advice.

General Information

Mainstay is a water dispersible, nonionic spreader-sticker adjuvant that is formulated to improve the efficiency of a variety of pesticides by increasing droplet spreading and adhesion onto leaf surfaces.

Mainstay enhances efficacy of herbicide, insecticide and fungicide spray applications.

Mainstay works by reducing water surface tension to increase coverage while forming a protective film to adhere active ingredients to the plant surface.

Mainstay improves spray droplet deposition and suppresses off-target drift by producing a more uniform droplet spray pattern.

The sticking properties in Mainstay help to reduce tendency for wash-off of the spray deposit caused by light rainfall or irrigation.

Washington State Reg. No. 45989-16001

Directions For Use

For use with products registered for agricultural, forestry, industrial, municipal, non-cropland, ornamental, rights-of-way, turf and other uses.

Always read and follow instructions of the pesticide label regarding the use of an adjuvant. If the pesticide label does not specifically recommend, yet does not prohibit, the use of a spreader-sticker adjuvant, the applicator should conduct an advance phytotoxicity test using a small volume of tank mix combinations to confirm compatibility and plant safety.

Mainstay may be used by ground or air applications.

Rates per 100 Gallons Spray Mix	
Defoliants, Desiccants, Herbicides.....	1 to 4 pints
Fungicides, Acaricides, Insecticides...1/4 to 2 pints	
Wettable Powders.....	1/2 to 3 pints

In Concentrated or Diluted Spray Applications: Use enough Mainstay to allow for uniform wetting and deposition onto leaf surfaces without unnecessary run-off.

For Field Crop Applications: Use 1/4 pint to 2 pints per acre.

For Drift Suppression: Use at least 2 pints of Mainstay per 100 gallons of spray mix to minimize off target spray drift. Note: Mainstay will not eliminate spray drift. Off-target drift hazards vary with the type of pesticide and application conditions. Mainstay improves spray deposition and suppresses drift by producing a more uniform spray pattern.

Mixing Instructions

1. Water as indicated by pesticide/fertilizer label instructions; 2. Pesticide; 3. Agitate;
4. Add Mainstay last to the tank mix

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal of this product.

Storage: Store between 40°F and 120°F. Store in a closed container. Keep container tightly closed and DO NOT allow water to be introduced to contents of this container. DO NOT reuse this container.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Dispose of contents in accordance with local/national regulations.

Container Disposal: Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

CONDITIONS OF SALE, LIMITED WARRANTY, AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions of this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of KALO, Inc., the manufacturer or seller. In addition, failure to follow label directions may cause injury to crops, animals, workers or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind express or implied concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at KALO, Inc.'s election, one of the following:

1. Refund of the purchase price paid by buyer or user for product purchased, or,
2. Replacement of the product used.

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company, the manufacturer and seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
