

FIFRA

Section 2(ee) Recommendation

Date: July 24, 2013

Product: Medallion® WDG
EPA Reg. No. 100-1434

Use: Addition of Cylindrocladium blight (*Cylindrocladium* spp.) as a Disease Controlled on Ornamental Plants in Greenhouses and Nurseries

State: NY

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For control of Cylindrocladium blight (*Cylindrocladium* spp.) on ornamental plants in greenhouses and nurseries, apply Medallion WDG at 2-4 oz/100 gallons of water and spray to runoff at 7-14 day intervals while conditions are favorable for disease development.

The user must refer to the federally approved labels for the above noted product and read and follow all directions for use, restrictions, and precautions.

The user must have this recommendation in its possession at the time of use.

This recommendation for use of Medallion WDG is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by EPA.
