**NET CONTENTS: 1 GALLON LIQUID (3.785 Liter)
WEIGHT PER GALLON: 9.53 LBS.**

**Manufactured By
MILLER CHEMICAL & FERTILIZER, LLC
P.O. Box 333, Hanover, PA 17331 - U.S.A.**

General Information: Millerplex is a fertilizer which contains extracts of fresh *Ascophyllum nodosum* Kelp for use on agronomic crops including but not limited to the following: Alfalfa, Corn, Cotton, Peanuts, Soybeans, Strawberries, Grapes, Stonefruit, Apples, Pears, Nutcrops, Citrus, Avocados, Tree Crops, Row Crops and Vegetables. Apply in foliar sprays or irrigation water as a complement to a well-balance crop fertility program. It also contains Amino Acids and Kelp which assist in the translocation of plant nutrients. For specific crop recommendations contact your PCA or a Company Representative. Foliar fertilizer is intended to be used as a supplement to a regular fertilization program and will not, by itself provide all the nutrients normally required by agricultural crops.

Foliar Application: Add Millerplex to fertilizer formulations or apply by itself at 4 to 32 ounces per acre.

Soil Applications: Add Millerplex to starter or side dressing liquid fertilizer formulations to provide 2 to 8 ounces per acre. Millerplex may be applied in seed furrows alone at 4 to 8 ounces per acre.

Millerplex contains proprietary Nutrient Express® technology, which is the sole intellectual property of MILLER CHEMICAL & FERTILIZER, LLC.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.htm>

Use this product in accordance with good agronomic practices, which include utilizing proven spray equipment set for proper coverage. Do not make applications when temperatures are too hot, as crop damage may occur. Applications should be made at temperature levels and when other environmental conditions in your area are such that your experience indicates the application will be compatible and will accomplish the desired result.

The use of this material being beyond our control and involving elements of risk to human beings, animals and vegetation, we do not make any warranty, express or implied, as to the effects of such use, when this product is not used in accordance with the direction as stated on this label.

Information concerning the raw materials composing this product can be obtained by writing to Miller Chemical & Fert., LLC, P.O. Box 333, Hanover, PA 17331. Please refer to the batch number found on this container.
