

FIFRA

Section 2(ee) Recommendation

Date: October 28, 2021

Product: Miravis® Prime
EPA Reg. No. 100-1603

Use: Addition of Powdery Mildew in Carrots

State: AZ, CA

Directions for Use

- **It is a violation of Federal law to use this product in a manner inconsistent with its labeling.**
- **The user must refer to the federally approved labels for the above noted product and read and follow all directions for use, restrictions, and precautions.**
- **The user should have this recommendation in its possession at the time of use.**
- **This recommendation for use of this product is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by EPA.**

Apply Miravis Prime at 6.8 fl oz/A for powdery mildew control in carrots. Begin applications prior to disease development. Continue applications through season on a 7-day interval, following the resistance management guidelines. Apply by ground, air, or chemigation. An adjuvant may be added at recommended rates. Apply in sufficient water volume to ensure good coverage. Do not make more than 4 applications at the maximum application rate per year.

Refer to the Miravis Prime Section 3 label for all other directions for use, restrictions and precautions.
