

Momentum

COPPER

Guaranteed Analysis

Sulfur (S).....	2.0%
Copper (Cu).....	4.5%
Derived From: Copper Sulfate complexed by citric acid, gluconic acid and sodium glucoheptonate	

GENERAL INFORMATION: Momentum Copper is a liquid, complexed copper fertilizer, for soil and water run application during primary growth stages. This material contains 0.20 lbs of Sulfur and 0.45 lbs of Copper, in each gallon. It is intended to be a supplement to a fertility program. Always monitor crop nutrient needs and responses with a soil, leaf tissue and irrigation water analysis program.

DANGER
HAZARD STATEMENTS
 Causes skin irritation.
 Causes serious eye damage.

PREVENTION: Wash thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection.

RESPONSE: IF ON SKIN: Wash with plenty of water IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or Doctor/physician. Specific treatment (see First Aid on SDS or on this label). If skin irritation occurs: Get medical advice or attention. Take off contaminated clothing and wash before reuse.

STORAGE & DISPOSAL: Dispose of in accordance with local, regional and international regulations.

Hazards Not Otherwise Classified: May react with certain metals to form explosive/flammable hydrogen gas.

Percentage of Components with Unknown Acute Toxicity: Dermal: 28.1%, Inhalation Vapor: 28.1%, Inhalation Dust/Mist: 31.5%

DIRECTIONS FOR USE

This product is not intended for foliar applications.

SOIL APPLICATIONS:

Soil apply via mechanical application through direct spray or injection to the soil. Mix with sufficient water for adequate mixing and coverage of target areas. Apply in a uniform manner that avoids undiluted droplets coming into contact with living tissue. It is not recommended in applications where material will come into direct contact with seeds or young roots in its concentrated form. This product should NOT be applied in direct contact with seed and is not recommended for "pop up" applications.

WATER RUN APPLICATIONS:

This material may be water run via drip, flood, and/or furrow. Apply in a uniform manner that avoids undiluted droplets coming into contact with living tissue. When applying this material via a fertigation system, continue to operate the system 30-60 minutes after material has completely injected to flush clean water through the system. Verify compatibility of all system components with acid fertilizers.

PRECAUTIONS:

Agitate prior to use.

COMPATIBILITY:

This product has a strongly acidic pH and is typically compatible with many commonly applied nutrients. Contact a Source to Source representative for a list of compatible mixes. Jar test for compatibility prior to mixing with any pesticides, fertilizers or fertilizer blends. For unfamiliar mixes, an appropriate amount of the final mix should be applied to a small area of the intended crop to ensure plant compatibility prior to the planned application. User assumes full responsibility to ensure product, equipment and plant compatibilities.

STORAGE AND SHELF LIFE:

Store in a sealed container in cool, dry location, at temperatures above freezing. Triple rinse and dispose of containers according to local and federal regulations.

SUGGESTED APPLICATION RATES & TIMINGS

FRUIT & NUT TREES & GRAPE VINES & OTHER VINES:

Apply 0.5-5 gallons of Momentum Copper per acre up to every 7 days during timings of key nutrient demands, in combination with water and any compatible mineral that may be needed. Do not exceed 6 gallons in a 30 day period.

VEGETABLE CROPS, FIELD AND ROW CROPS:

Apply 0.5-5 gallons of Momentum Copper per acre up to every 7 days during timings of key nutrient demands, in combination with water and any compatible mineral that may be needed. Do not exceed 6 gallons in a 30 day period.

NOTICE: Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use. Buyer shall assume all risks of use including, but not limited to crop injury, ineffectiveness or other unintended consequences as may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of the seller. In no case shall Source to Source be liable for consequential, special or indirect damages resulting from the use or handling of this product. Always refer to the label on the product before use. Momentum™ is a trademark product of Source to Source, Tulare CA. This label is for use in California and Arizona.
