

ORION BASAL OIL + DYE

PRINCIPAL FUNCTIONING AGENTS:

A proprietary blend of paraffinic oil, emulsifiers, and colorant100.0%

FOLLOW RECOMMENDATIONS AND LABEL RATES OF HERBICIDE MANUFACTURERS.

KEEP OUT OF REACH OF CHILDREN WARNING / ADVERTENCIA!

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.
(If you do not understand the label, find someone to explain it to you in detail.)

PRECAUTIONARY STATEMENTS: Causes skin irritation and serious eye irritation. Read label before use. Keep container tightly closed. Keep only in original container. Avoid breathing dust, fume, gas, mist, vapors or spray. Wash skin thoroughly after handling. Do not eat, drink or smoke when using this product.

PERSONAL PROTECTIVE EQUIPMENT (PPE): Wear protective gloves, clothing, and eye protection.

FIRST AID

Have the product container with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing. If eye irritation persists: Get medical advice or attention.

IF ON SKIN OR CLOTHING: Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water for several minutes.

IF SWALLOWED: Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person.

IF INHALED: Do not induce vomiting. Remove victim to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth to mouth if possible.

GENERAL INFORMATION

ORION BASAL OIL is a non-aromatic paraffinic oil diluent and emulsifier blend that improves the coverage and spreading of basal bark and brush control active ingredients. This product contains dye.

DIRECTIONS FOR USE

Follow the recommendations of the most restrictive herbicide active ingredient label. The tank mixture should only be applied within the label recommendations of every product in the tank mixture. Use only if a paraffinic oil and emulsifier are allowed or not excluded on the label.

ORION BASAL OIL does not contain ammonium sulfate. If the user does not have experience with the mixture being applied, perform a jar test using the order and amounts in the mixture and perform a phytotoxicity test to ensure crop safety. In general, follow the W-A-L-E-S method when adding herbicides to a tank mix.

NET CONTENTS:

- ☐ 2.5 U.S. Gallons (9.46 liters)
- ☐ 11.25 Gallons(42.58 liters)
- ☐ 30 Gallons(113.55 liters)
- ☐ 265 Gallons (1003.13 liters)
- ☐ 270 Gallons (1022.06 liters)

1. Add Wettable Powders (WP) then Flowables (F, DF)
2. Agitate then add anti-foaming compounds, buffers
3. Liquid and Soluble products
4. Emulsifiable concentrates (EC)

Order of addition

Prior to mixing, fill the spray tank with half of the carrier. Start the sprayer and check to make sure that all valves and gauges work and that there is adequate tank agitation.

APPLICATION RATES

ORION BASAL OIL can be used at dilution ratios of up to 1:3 (25%) when following the herbicide manufacturers' label recommendations for a basal oil diluent.

ORION BASAL OIL is labeled specifically for basal-bark and cut-surface brush control applications where emulsifiable concentrate herbicide formulations such as Garlon® 4 Ultra, Garlon® XRT, Stalker®, or equivalent are used in premix.

ORION BASAL OIL is formulated for use with 15-20% Garlon® 4 Ultra and up to 5% Stalker® v/v.

NOTE: Use rates may vary dependent on environmental conditions and applications. Increase rates as necessary for additional wetting and penetration.

* Garlon® 4 Ultra and Garlon® XRT are registered trademarks of Corvea Agriscience.

* Stalker® is a registered trademark of BASF.

STORAGE AND DISPOSAL

STORAGE: Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40° and 90° F.

DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Dispose of contents container to an approved waste disposal facility in accordance with all federal, state and local regulations. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.agrecycling.org.

CONDITIONS OF SALE—LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

ORION Solutions, LLC ("ORION") warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions.
