

Nonionic and Organosilicone Surfactant Blend
Nonionic / Low Foaming

Principal Functioning Agents: Propylene glycol, polyether modified polysiloxane, alkylphenol ethoxylate...100%
All ingredients are exempt from a tolerance under 40 CFR 180.

WARNING
KEEP OUT OF REACH OF CHILDREN

HAZARD STATEMENTS

Causes serious eye irritation. May be harmful in contact with skin. Causes skin irritation.

PRECAUTIONARY STATEMENTS

Wash thoroughly after handling. Wear protective gloves/eye/face protection. IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs, get medical advice/attention. IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation occurs, get medical advice/attention. Take off contaminated clothing and wash before reuse.

Net Contents:
1 Gallon (3.76 Ltrs) or
4 x 1 Gallons (15.14 Ltrs)

Manufactured for:

General Information

OSO-WET is a superior nonionic, low foaming organosilicone based surfactant. It is designed for the fast spreading and uniform distribution of spray materials. OSO-WET will greatly aid the absorption of plant growth regulators on difficult to wet surfaces.

First Aid

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. **If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **If on skin or clothing:** Take off contaminated clothing and wash before reuse. Rinse skin immediately with plenty of soap and water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Storage and Disposal

Do not contaminate water, food, or feed by storage or disposal. **Storage:** Store above 32° F. Store in a closed container. Store away from heat or open flame and oxidizing materials. **Disposal:** Wastes resulting from this product may be disposed of on site or at an approved waste disposal facility. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.acrcycle.org. Dispose of contents/container in accordance with local/national regulations.

Attention

This product should be used within 24 hours after being mixed with water and should not be used in a spray solution with a pH less than 5. Failure to comply with these recommendations will result in deactivation of this surfactant.

NOT FOR AQUATIC USE

OWETO1B

Directions For Use

The suggested usage rates below are considered adequate for most uses. Some pesticide formulations contain surfactant and may require a lower rate of OSO-WET for adequate coverage. Always check the degree of plant wetting after the initial spray application and adjust the concentration if necessary, but do not exceed the maximum suggested rates of usage. OSO-WET is not for aquatic use.

Insecticides, Miticides, Fungicides, Herbicides, Plant Growth Regulators:

OSO-WET Use Rate per 100 Gallons of Water
In spray applications at the rate of less than 80 gal/acre.....12 to 16 fl. oz.
In spray applications at the rate of 100 gal/acre.....10 to 12 fl. oz.
In spray applications at the rate of 200 gal/acre.....6 to 8 fl. oz.
In dilute spray applications.....2 to 4 fl. oz.

In Case of Spill

In case of spill, avoid contact, isolate area, and keep out animals and unprotected persons. Confine spills. Call CHEMTREC (800) 424-9300. To confine liquid spill, dike surrounding area or absorb with sand, cat litter or commercial clay. If dry material, cover to prevent dispersal. Place damaged package in a holding container. Identify contents.

Notice-Read Carefully: TERMS AND CONDITIONS OF SALE: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability of fitness for a particular purpose, expressed or implied, extends to the use, storage or handling of the product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use. These risks include, but are not limited to damage of plants, crops and animals to which the materials are applied. Failure to control pests, damage caused by drift to other plants or crops and personal injury.
