

Cal Ace 10

GUARANTEED ANALYSIS:

Calcium (Ca)..... 10.00%

Derived from Calcium Acetate.

Weight per gallon: 11.94 lbs. per gallon @ 68°F.

PHT Cal Ace 10 is compatible with most fertilizers and pesticides. A compatibility test is recommended if desired combination has not been previously used.

GENERAL INFORMATION

PHT Cal Ace 10 is a liquid Calcium formulation for the prevention and correction of Calcium deficiencies. Use PHT Cal Ace 10 in conjunction with existing soil and foliar nutritional programs for all crops requiring Calcium.

DIRECTIONS FOR USE

Add 1/3 of water to tank, add other additives, if any; add balance of water, agitate. Add appropriate amount of PHT Cal Ace 10.

Foliar Applications: Use 1 - 2 qts. PHT Cal Ace 10 per acre per application using a minimum of 10 gallons of water as a carrier. Multiple applications throughout the growing season are recommended as a maintenance program. Best results occur when applications thoroughly cover actively growing plants. More applications will be necessary to help correct deficiencies once they occur.

DO NOT APPLY to plants suffering from moisture or heat stress.

Soil Application: Use 4 - 8 qts. PHT Cal Ace 10

per acre as a preplant or sidedress application.

Aerial Application: Use 1/2 - 1 qt. PHT Cal Ace 10 per acre with at least 5 gallons of water. For best results, multiple applications throughout the growing season are recommended.

For Field and Vegetable Crops: Apply desired rate throughout the growing season at regular intervals.

For Tree and Vine Crops: Start applications early in the growing season pre-bloom, then continue post bloom throughout the season as required.

Warning: This product contains a chemical known to the State of California to cause cancer, birth defects or other reproductive harm. Proposition 65, the Safe Drinking Water and Toxic Enforcement Act of 1986, requires notification of potential exposure to substances identified by the State of California as causing cancer, birth defects or other reproductive harm.
