

# Elimino™

## PRINCIPAL FUNCTIONING AGENTS:

Polydimethylsiloxane .....	10%
Constituents Ineffective As Spray Adjuvants .....	90%
<b>TOTAL .....</b>	<b>100%</b>

All ingredients are approved for use under 40 CFR 180.

CA Reg. No. 7001-50549

WA Reg. No. 7001-15007

## PRECAUTIONARY STATEMENTS:

Keep out of reach of children.

**Personal Protective Equipment:** Wear protective gloves / protective clothing / eye protection / face protection.

### FIRST AID:

**IF INHALED** Remove person to fresh air and keep comfortable for breathing.

**IF ON SKIN** Wash with plenty of water. If skin irritation occurs get medical advice / attention.

**IF IN EYES** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists get medical advice / attention.

**IF SWALLOWED** Rinse mouth. Call a poison center / doctor if you feel unwell. Do NOT induce vomiting unless told to do so by a poison center / doctor.

## ENVIRONMENTAL HAZARDS:

Do not contaminate water sources by cleaning of equipment or disposal of wash water.

## STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage or disposal.

**Storage:** Protect product from freezing. Store in original container only and do not reuse empty container.

**Disposal:** Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrecycle.org](http://www.acrecycle.org). Decontaminated containers may also be disposed of in a sanitary landfill.

SPECIMEN

# Elimino™

## GENERAL INFORMATION:

Elimino is an antifoam and defoaming agent designed to effectively prevent or reduce foam formation in agricultural applications of crop protection and / or fertilizer products. Elimino is effective over a broad pH range and can be added before or after foam formation has begun.

## DIRECTIONS FOR USE:

The addition of adjuvants to some pesticides and / or fertilizers and their tank mixes may cause phytotoxicity to the foliage and / or fruit of desirable crops. Before using Elimino, the applicator or crops advisor must have experience with the pesticide combination, including Elimino, or must have conducted a phytotoxicity test.

## NOT FOR AQUATIC USE.

SHAKE WELL BEFORE USING.

FOR USE WITH CROP PROTECTION PRODUCTS, PLANT GROWTH REGULATORS AND FERTILIZERS REGISTERED FOR ORGANICALLY CERTIFIED CROPS, ORNAMENTALS AND OTHER APPROPRIATE USES.

**DOSAGE:** Use 1 - 10 ounces per 100 gallons of spray solution.

**Note:** Effectiveness will depend upon composition of the spray mixture, temperature, and agitation. Adjust the use rate of Elimino as necessary to achieve desired level of foam control.

**MIXING:** In the absence of specific mixing instructions found on the pesticide label, fill the spray tank with at least 50% of the desired finished carrier volume. When premixing in a mixing vessel or inductor, fill with at least 20% of the desired finished carrier volume. While the carrier is agitating, add tank mix ingredients in the following order:

1. Compatibility agent and / or antifoam (Elimino), if needed
2. AMS, dry formulations (WP, DF, WDG, SP), and dry drift retardants
3. Dry soluble and suspension fertilizers / micronutrients
4. Liquid drift retardants and flowable formulations (F & FL)
5. Liquid concentrates, suspension and microencapsulated (LC, SC, ME)
6. Emulsifiable concentrates (E, EL or EC)
7. Solutions and soluble liquids (S or SL)
8. Liquid micronutrients and fertilizers
9. Water conditioners and other adjuvants (COC, HSOC, MSO, NIS)
10. Finish filling to desired spray volume level and continue agitation

DISCLAIMER OF WARRANTIES: J.R. Simplot Company warrants that the chemical composition of this product conforms to the chemical description and is reasonably fit for the purpose as stated on the label only when used in accordance with label directions under normal conditions of use. To the extent consistent with applicable law J.R. Simplot Company makes no other EXPRESS or IMPLIED WARRANTIES either OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE. Handling, storage and use of the product by Buyer or User are beyond the control of J.R. Simplot Company and seller. To the extent consistent with applicable law risks such as crop injury, ineffectiveness of other unintended consequences resulting from, but not limited to, weather or soil conditions, presence of other materials, disease, pest, drift to other crops or property or failure to follow label directions will be assumed by the Buyer or User; To the extent consistent with applicable law, in no case will J.R. Simplot Company or Seller be held liable for consequential, special or indirect damages resulting from the handling, storage or use of this product.
