

ULTRA DEFOAM-IT™

Antifoaming / Defoaming Agent

PRINCIPAL FUNCTIONING AGENTS:

Dimethylpolysiloxane.....	10%
Constituents Ineffective as a Spray Adjuvant	90%
TOTAL	100%

All ingredients are exempt from tolerance requirements under 40 CFR 180.

CA Reg. No. 7001-50023 WA Reg. No. 7001-09002

PRECAUTIONARY STATEMENTS:

Keep out of reach of children.

Personal Protective Equipment: Wear protective gloves / protective clothing / eye protection / face protection.

FIRST AID:

IF INHALED Remove person to fresh air and keep comfortable for breathing.

IF ON SKIN Wash with plenty of water. If skin irritation occurs get medical advice / attention.

IF IN EYES Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists get medical advice / attention.

IF SWALLOWED Rinse mouth. Call a poison center / doctor if you feel unwell. Do NOT induce vomiting unless told to do so by a poison center / doctor.

Have the product container or label with you when calling a Poison Control Center or Doctor, or going for treatment.

ENVIRONMENTAL HAZARDS

Do not contaminate water sources by cleaning of equipment or disposal of wash water.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: PHT Ultra Defoam-It will become thicker in cold weather and freeze. Freeze and thaw cycles may cause the emulsion to separate. Testing has shown that freezing does not significantly affect performance. Warming and shaking the container will help restore the material to hit normal consistency. For optimum storage stability, store at temperatures

Manufactured for:
J.R. SIMPLOT COMPANY

SPECIMEN

ULTRA DEFOAM-IT™

between 40°F (5°C) and 90°F (32°C). Do not store near oxidizing agents. Keep in original container.

Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler, visit the ACRC web page at www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

GENERAL INFORMATION

PHT Ultra Defoam-It is a water-based, silicone emulsion, antifoam agent and defoamer. PHT Ultra Defoam-It can be used to prevent foam formation or knock down existing foam. Use rates for PHT Ultra Defoam-It depend directly on temperature, composition, viscosity, agitation and other various conditions; therefore rates may require adjustment for the most effective dosage. Generally, use rates are lower when used as an antifoam to prevent or reduce foam formation.

DIRECTIONS FOR USE

Use PHT Ultra Defoam-It at 1/2 - 1 oz. per 100 gallons of solution. It may be necessary to adjust the amount used according to individual conditions. In situations where foam develops after the fluid level drops, stop agitation and add the recommended dosage of PHT Ultra Defoam-It.

When foaming develops in urea water solutions, it may be necessary to use more PHT Ultra Defoam-It.

NOT FOR AQUATIC USE.

DISCLAIMER OF WARRANTIES: J.R. Simplot Company warrants that the chemical composition of this product conforms to the chemical description and is reasonably fit for the purpose as stated on the label only when used in accordance with label directions under normal conditions of use. To the extent consistent with applicable law J.R. Simplot Company makes no other EXPRESS or IMPLIED WARRANTIES either OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE.
