

PARACHUTE® II

PENETRANT / DRIFT REDUCTION AGENT / DEPOSITION AID

PRINCIPAL FUNCTIONING AGENTS

Methylated seed oil, copolymer of alpha-and beta-pinene,
2-ethylhexanol, ethoxylated, propoxylated..... 100.0%

TOTAL..... 100.0%

Ingredients are exempt from tolerance under 40 CFR 180

WARNING
KEEP OUT OF REACH OF CHILDREN

USE PRECAUTIONS

The addition of an adjuvant to some pesticides may increase the risk of phytotoxicity to certain susceptible crops, especially during periods of high humidity or other circumstances which may increase the activity of spray solutions. Care should be exercised when using on new varieties or crops not previously treated with Parachute II.

PROTECT FROM FREEZING

HAZARD STATEMENTS

Causes serious eye irritation.

PRECAUTIONARY STATEMENTS

Read label before use. Store above 25°F. Store in tightly closed container. Do not breathe vapors or sprays. Wash thoroughly after handling. Use only outdoors or in a well-ventilated area. Dispose of contents and container in accordance with local and national regulations.

Personal Protective Equipment (PPE): Wear protective gloves and eye/face protection.

Spill: In the event of a major spill, fire or other emergency, call CHEMTREC at (800) 424-9300

Note: Read and follow all label directions and cautions on all products used.

FIRST AID

If In Eyes: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical advice/attention.

Refer to back label for more First Aid statements.

**Refer To Safety Data Sheet (SDS) For Important
Environmental, Safety, and Health Information**

**NET CONTENTS: 2.5 Gallons (9.45 Ltr) or
2 x 2.5 Gallons (18.93 Ltr)**

PARACHUTE® II

GENERAL INFORMATION

Parachute® II is a NPE free deposition and drift management agent specifically designed to suppress off-target drift of spray applications. Parachute II improves the uniformity and density of spray droplets and is particularly beneficial in aerial applications. Parachute II maximizes deposition by increasing droplet size and maintaining a more uniform spray pattern. Parachute II can be used with air assist and conventional spray nozzles.

DIRECTIONS FOR USE

NOT FOR AQUATIC USE

Always read and follow label instructions of accompanying pesticide product. Add Parachute II after pesticides or other adjuvants are introduced to spray mixture but prior to completing the filling of the spray tank. Before making large scale applications, conduct a jar test containing all ingredients to confirm compatibility.

AERIAL AND GROUND APPLICATION RATES

| | |
|------------------------------|--|
| Herbicides* | 3 to 4 fluid ounces in 5 to 25 gallons per acre spray rate |
| Fungicides and Insecticides* | 2 to 3 fluid ounces in 5 to 25 gallons per acre spray rate |

*For spray volumes less than 5 gallons per acre, do not exceed 2 quarts of Parachute II per 100 gallons of total spray..

DIRECT INJECTION RATES

| | |
|-----------------------------|--|
| Herbicides | 3 to 4 fluid ounces in 5 to 25 gallons per acre spray rate |
| Fungicides and Insecticides | 2 to 3 fluid ounces in 5 to 25 gallons per acre spray rate |

DIRECT INJECTION MIXING

Parachute II can be applied through injection systems when added to one of the system's chemical injection tanks. An in-line mixing chamber is recommended.

- First, add Parachute II to the chemical injection tank;
- Second, pump the correct amount of Parachute II into the line;
- Third, pump the proper amount of water, pesticide, fertilizer and other adjuvants into the line, for mixing with Parachute II and chemicals before going into the spray boom.

STORAGE, DISPOSAL AND SPILL

Do not contaminate water, food, or feed by storage or disposal.

Storage: Keep this container tightly closed. **Store above 25°F.** Store in original container. Store in a closed container. Store in a dry place. Store in a well-ventilated space. Keep cool. Do not allow water or other chemicals to be introduced into contents of container. Do not contaminate water sources with equipment washwater, spray disposal wastes or by cleaning of equipment. Do not store near feed or food products. Do not use or store near open flame.

Disposal: Triple rinse container and pour rinsate into spray tank. Do not reuse container. Offer triple-rinsed container for recycling, or puncture and dispose of in a sanitary landfill or by other procedures approved by appropriate authorities. Dispose of content/container in accordance with local/national regulations.

Spill: In the event of a major spill, fire or other emergency, call CHEMTREC at (800) 424-9300.

FIRST AID

If in Eyes: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical attention.

If Swallowed: Rinse mouth. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If you feel unwell, call a poison control center or physician immediately for treatment advice.

If Inhaled: Move person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. If you feel unwell, call a poison control center or physician for further treatment advice.

If on Skin or Clothing: Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical attention. Take off contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

Not for aquatic use. Do not contaminate water sources by cleaning of equipment or disposal of wastewaters.

CONDITIONS OF SALE – LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES: The Directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of West Central Distribution, LLC or the seller. All such risks shall be assumed by the buyer. West Central Distribution, LLC warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks referred to above. West Central Distribution, LLC makes no other express or implied warranty of fitness or merchantability or any other express or implied warranty. In no case shall West Central Distribution, LLC or the seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. West Central Distribution, LLC and the seller offer this product, and the Buyer and the User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of West Central Distribution, LLC.
