

# PIT-STOP® DRY CONCENTRATE FOLIAR CALCIUM 34.00%

### GUARANTEED ANALYSIS

Calcium (Ca) ..... 34.00%  
Derived From: Calcium Chloride

**KEEP OUT OF REACH OF CHILDREN**

## WARNING

Harmful if swallowed. Do not take internally. Causes irritation. Avoid breathing spray mists. Avoid contact with eyes, skin and clothing. Wash thoroughly after handling. Wash clothing before re-use.

### GENERAL INFORMATION

Apply 4 to 6 times during the growing season on a timing schedule recommended by your local agricultural advisor. Maintain at least 15 days between applications. Do not apply if trees are under stress or when temperatures exceed 85 °F, as some leaf burn may result. Applying this product in a concentrate spray may result in leaf burn. Do not apply by air. Do not use with zinc solutions as leaf burn or fruit russetting may occur.

If overhead irrigation is used, avoid running irrigation water for the first 48 hours after application to keep from washing spray residue off of tree surfaces. Run irrigation for at least 12 hours before next application. This irrigates trees and helps open lenticels and other natural openings on fruit for better absorption of the next spray.

**COMPATIBILITY:** PIT-STOP is not compatible with SYLLIT® or Dodine and may not be compatible with Zinc, Sulfur and some other foliar applied pesticides, nutrients and surfactants. Consult your local agricultural fieldman before mixing PIT-STOP with other products.

**Equipment Note:** Do not use aluminum, copper or brass fittings on spray equipment. Wash or rinse equipment thoroughly after use or corrosion may result.

### DIRECTIONS FOR USE

**Note: For timing of applications, consult your local agricultural advisor.**

**APPLES - DILUTE APPLICATIONS:** Use 2.0 pounds of PIT-STOP diluted in 100 gallons water per acre.

**APPLES - CONCENTRATE APPLICATIONS:** Use 4.0 to 10.0 pounds in 35.0 to 70.0 gallons of water per acre.

**ANJOU PEARS:** Use 1.0 pound of PIT-STOP diluted in 100 gallons of water for a total of up to 4.0 pounds per acre.

**CHERRIES:** Use 1.5 pounds of PIT-STOP in 100 gallons of water for a total of up to 6.0 pounds per acre.

### FIRST AID

**If in Eyes:** Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**If on Skin:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

**If Swallowed:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

**If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

**FOR A MEDICAL EMERGENCY INVOLVING THIS PRODUCT, CALL 1-866-944-8565.**

### STORAGE AND DISPOSAL

**STORAGE:** Store in original containers only. Keep containers tightly closed when not in use. Store in a cool, dry, well ventilated area, preferably in a locked storage area away from children, feed and food products, and seed. Store at ambient temperatures. Do not contaminate water, food, or feed by storage or disposal.

**DISPOSAL:** Do not contaminate water supplies by cleaning of equipment or disposal of wastes. Triple rinse containers and dispose of in an approved sanitary landfill.

**For help with any spill, leak, fire or exposure involving this material, call day or night CHEMTREC 1-800-424-9300.**
