

# Poast<sup>®</sup>

herbicide

## Supplemental Labeling

For use in Safflower, Lingonberry, Juneberry and Salal

EPA Reg. No. 7969-58

Active Ingredient:\*

Sethoxydim: 2-[1-(ethoxyimino)butyl]-5-[2-(ethylthio)propyl]-3-hydroxy-2-cyclohexen-1-one*	18.0%
Other Ingredients:	82.0%
Total:	100.0%

\* Equivalent to 1.5 pounds of sethoxydim per gallon.

All applicable directions, restrictions and precautions on the EPA-registered label are to be followed. This labeling must be in the possession of the user at the time of application.

### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. DO NOT apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your state or tribe, consult the agency responsible for pesticide regulation.

### I. GENERAL INFORMATION

Poast<sup>®</sup> herbicide may be applied to the crops listed in Table 1. Apply to actively growing grasses. In irrigated areas, it may be necessary to irrigate prior to treatment with Poast to ensure weeds are growing actively. See Poast label for complete list of annual and perennial grasses controlled with use of this herbicide.

Always adjust spray pressure, spray volume and height of spray boom to ensure thorough coverage of grasses to be controlled.

For maximum use rate per application and per season and for the minimum time from application to harvest, see Table 1.

### II. RESTRICTIONS AND LIMITATIONS

DO NOT plant other crops to be harvested for 30 days after application unless Poast is registered for use on that crop.

Avoid all direct or indirect contact with any desired grass crop unless otherwise recommended on the Poast label.

DO NOT apply to grasses or crops under stress such as stress due to lack of moisture, hail damage, flooding, herbicide injury, mechanical injury, or widely fluctuating temperatures, as unsatisfactory control may result. Irrigation may be needed.

DO NOT apply to crops that show injury (leaf phytotoxicity or plant stunting) produced by any other prior herbicide applications, because this injury may be enhanced or prolonged.

Physical incompatibility, reduced weed control, or crop injury may result from mixing Poast with other pesticides (fungicides, herbicides, insecticides, or miticides), additives, or fertilizers. BASF does not recommend using tank mixes other than those listed on BASF labeling. Local agricultural authorities may be a source of information when using other than BASF recommended tank mixes.

Table 1. Crop-Specific Restrictions and Limitations

Crop	Safflower	Lingonberry, Juneberry, Salal
Minimum Time From Application to Harvest (PHI)	30 days	45 days
Maximum Rate Per Acre Per Application	2.5 pints	2.5 pints
Maximum Rate Per Acre Per Season	5.0 pints	5.0 pints
Livestock Grazing or Feeding	No	No
Aircraft Application	Yes	Yes

Conditions of Sale and Warranty

The Directions For Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and must be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of BASF CORPORATION ("BASF") or the Seller. To the extent consistent with applicable law, all such risks shall be assumed by the Buyer.

BASF warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions For Use, subject to the inherent risks, referred to above.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BASF MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY OR ANY OTHER EXPRESS OR IMPLIED WARRANTY. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BASF AND THE SELLER DISCLAIM ANY LIABILITY FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. BASF and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing Conditions of Sale and Warranty which may be varied only by agreement in writing signed by a duly authorized representative of BASF.
