

Precautionary Statements

Wash thoroughly after handling. Wear protective gloves and eye/face protection. Use only outdoors or in a well ventilated area. Avoid breathing mist, vapors and spray.

Use Precautions

The addition of an adjuvant to some pesticides may increase the risk of phytotoxicity to certain susceptible crops, especially during periods of high humidity or other circumstances which may increase the activity of spray solutions. Care should be exercised when using on new varieties or crops not previously treated with **PROCENTRIC**.

NOT FOR AQUATIC USE

⚠ WARNING This product can expose you to the chemicals 1,4-dioxane, acetaldehyde, anthracenedione and oxirane which are known to the State of California to cause cancer, and oxirane which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

NET CONTENTS

2.5 Gallons (9.46 Liters)
2 X 2.5 Gallons (18.93 Liters)

ProCentric

**NONIONIC SURFACTANT,
DRIFT CONTROL, DEPOSITION AID,
PENETRANT**

PRINCIPLE FUNCTIONING AGENTS

Polyoxyethylene sorbitan monooleate,
ethoxylated soybean oil,
copolymer of alpha- and beta-pinene.....100.0%
TOTAL.....100.0%

Contains Petroleum Distillates

All ingredients are exempt from the requirements
of a tolerance under 40 CFR 180.

**KEEP OUT OF REACH OF CHILDREN
WARNING**

HAZARD STATEMENTS

Causes serious eye irritation. Causes skin irritation.
May cause respiratory irritation.

First Aid

If in Eyes: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical attention.

If Swallowed: Immediately call a poison center or doctor/physician. Do not induce vomiting. Do not give anything by mouth to an unconscious person. Avoid alcohol.

If Inhaled: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a poison center or doctor/physician if you feel unwell.

If on Skin: Remove contaminated clothing and wash before reuse. Wash affected area with plenty of soap and water. Get medical attention if irritation persists.

Environmental Hazards

Not for aquatic use. Do not contaminate water sources by cleaning of equipment or disposal of waste waters.

GENERAL INFORMATION

ProCentric is a proprietary drift and deposition management adjuvant that contains innovative technology for use with air assist and conventional type spray nozzles.

ProCentric suppresses off-target drift by providing a more uniform spray pattern and velocity of the spray droplets.

Many factors affect off target drift such as boom height, nozzle configuration/type, spray pressure, temperature, wind and thermal inversion.

ProCentric will not eliminate all drift.

The surfactant ingredient in **ProCentric** maximizes spray application performance by improving spray coverage and through enhanced retention and penetration of the targeted leaf surface.

ProCentric is effective with herbicides, desiccants, insecticides, fungicides, and plant growth regulators.

Always read and follow label instructions of the crop control tank mix partners used with **ProCentric**.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Keep this container tightly closed. Store above 25° F. Store in original container. Store in a closed container. Store in a dry place. Store in a well-ventilated space. Keep cool. Do not allow water or other chemicals to be introduced into contents of container. Do not store near feed or food products. Do not use or store near open flame.

Disposal: Triple rinse container and pour rinsate into spray tank. Do not reuse container. Offer triple-rinsed container for recycling, or puncture and dispose of in a sanitary landfill or by other procedures approved by appropriate authorities. Dispose of contents/container in accordance with local/national regulations.

Spill: In the event of a major spill, fire or other emergency, call CHEMTREC at (800) 424-9300.

GROUND/AERIAL USE RATES

Always read and follow label instructions of accompanying pesticide product.

Recommended Rate For Herbicides*: 2 to 3 ounces per acre in 5 to 25 gallons per acre spray rate.

Recommended Rate For Fungicides & Insecticides*: 2 ounces per acre in 5 to 25 gallons per acre spray rate.
*Do not exceed 2 quarts of ProCentric per 100 gallons.

Direct Injection Rates For Herbicides: 2 to 3 ounces per acre in 5 to 25 gallons per acre spray rate.

Direct Injection Rates For Fungicides & Insecticides: 2 ounces per acre in 5 to 25 gallons per acre spray rate.

For Direct Injection

ProCentric can be applied through injection systems when added to one of the system's chemical injection tanks. An in-line mixing chamber is recommended.

- First, add **ProCentric** to the chemical injection tank;
- Second, pump the correct amount of **ProCentric** into the line;
- Third, pump the proper amount of water, pesticide, fertilizer and other adjuvants into the line, for mixing with **ProCentric** and chemicals, before going into the spray boom.

MIXING

Add **ProCentric** after pesticides or other adjuvants are introduced to spray mixture but prior to completing the filling of the spray tank. Before making large scale applications, conduct a jar test containing all ingredients to confirm compatibility.

EMERGENCY ASSISTANCE

For emergency assistance, call CHEMTREC at 800-424-9300.

ProCentric contains Quantum Technology, an innovative adjuvant technology that assists with active ingredient uptake and translocation.

NOTICE-READ CAREFULLY

CONDITIONS OF SALE AND WARRANTY

Integrated Agribusiness Professionals (IAP) warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for the purpose stated on such label only when used in accordance with the directions for use. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of IAP. In no case shall IAP be liable for the consequential, special or indirect damages resulting from the use or handling of this product. All such risks shall be assumed by the buyer.

Except as expressly provided herein, IAP makes no warranties, guarantees, or representations of any kind, either express or implied, or by usage of trade, statutory or otherwise, with regard to the product sold, including but not limited to, merchantability, fitness for a particular purpose, use or eligibility of the product for any particular trade usage.
