DIRECTIONS FOR USE

Apply PYRAMID as a foliar application at 10 oz/acre and dilute in a minimum of 10 gal of water. Foliar fertilization is intended as a supplement to a regular fertilization program and may not, by itself, provide all the nutrients normally required by plants. The user should seek the advice of an agricultural representative of a professional agricultural consultant for specific application timings and rates. When tank mixed with other chemicals, compatibility testing should be conducted prior to application.

SHAKE WELL BEFORE USE

DANGER: Causes serious eye damage. Wear eye protection. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a doctor. Collect spillage. Do not eat, drink, or smoke when using this product. IF SWALLOWED: Call a POISON CENTER or doctor if you feel unwell. Dispose of contents/container to a licensed hazardous waste disposal contractor or collection site except for empty clean containers which can be disposed of as non-hazardous waste. Do not apply directly to or near water, storm drains, gutters, sewers, or drainage. KEEP OUT OF REACH OF CHILDREN

STORAGE: Keep container tightly sealed when not in use. Store in a cool, dry place between 34° and 100° F. Do not store in direct sunlight. Do not store diluted product.

WARNING: PYRAMID is recommended for crops where boron may be deficient, however over-application may result in serious injury to sensitive crops. The use of the fertilizing material on any crops other than those recommended may result in serious injury to the crop(s). Information regarding the contents and levels of metals in this product is available on the internet at www.aapfco.org/metals.html
