

RRSI ENHANCE

SURFACTANT/PENETRANT/DEPOSITION AID/DRIFT CONTROL AGENT

Specimen Label

PRINCIPAL FUNCTIONING AGENTS:

A proprietary blend of soy methyl ester, oleic acid, alcohol ethoxylates 100%
All ingredients are exempt from tolerance requirements under 40 CFR 180.

WARNING

KEEP OUT OF REACH OF CHILDREN

Causes skin irritation. Causes serious eye irritation. Read label before use. Keep container tightly closed. Keep only in original container. Avoid breathing dust, fume, gas, mist, vapors, spray. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves, protective clothing, eye protection, face protection.

FIRST AID

Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing. If eye irritation persists: Get medical advice or attention.

IF ON SKIN OR CLOTHING: Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water for several minutes. If skin irritation occurs: Get medical advice or attention.

IF SWALLOWED: Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person.

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth to mouth if possible.

GENERAL INFORMATION

RRSI ENHANCE is a multi-functional adjuvant formulated with 100% functioning agents. **RRSI ENHANCE** is a non-ionic surfactant (NIS) that can be used with pesticides that suggest the use of a surfactant. This adjuvant system manages deposition, coverage, penetration and retards drift. **RRSI ENHANCE** does not actively modify the pH of the solutions and can be applied by ground or air.

RRSI ENHANCE spreads the spray solution uniformly on the plant surface, increases retention of the spray droplet, and improves penetration through the leaf surface structures. It prevents crystallization and slows drying time.

RRSI ENHANCE launches more of the spray droplets into the ideal droplet size. It optimizes the spray pattern by providing the proper overlap. Spray fines are minimized and the number of large droplets, that have a tendency to bounce off the target, are reduced.

DIRECTIONS FOR USE

Follow the recommendations of the most restrictive active ingredient label.

Tank mixtures should only be applied within the label recommendations of every product in the tank mixture.

Enhance is compatible with most active ingredients.

May be used in aquatic applications; consult the relevant aquatic herbicide label for more information.

RRSI ENHANCE may be used forestry (site preparation and release), industrial (storage areas, plant sites, and other similar areas including governmental and private lands), grasslands (including pastures, rangeland and fence rows), rights-of-ways (utility, railroad and roadsides), turf (golf courses, parks and sod farms), ornamentals (container, field or greenhouse) and other turf, ornamental and landscaping sites. Refer to pesticide manufacturer's label regarding definite adjuvant use recommendations and usage rates.

APPLICATION RATES

Non Crop Sites: 1 to 8 pints per 100 gallons (1 to 6 fluid ounces per 5 gallons) of spray mixture.

Herbicides (Terrestrial or Aquatic), Defoliants, Desiccants: 1 to 8 pints per 100 gallons of spray mixture when used as a penetrant.

Insecticides, Fungicides, Acaracides: 1/2 to 2 pints per 100 gallons of spray mixture.

Drift Reduction: 1 to 2 quarts per 100 gallons of spray mixture.

Turf and Ornamentals: 1/2 to 2 pints per 100 gallons (1/2 to 1-1/2 fluid ounces per 5 gallons) of spray mixture.

Note: This product has demonstrated excellent plant safety. Before treating a large area, test on a small area and observe prior to full-scale application.

STORAGE AND DISPOSAL

STORAGE: Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40° and 90° F.

DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Dispose of contents / container to an approved waste disposal facility in accordance with all federal, state and local regulations. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

WARRANTY STATEMENT

Red River warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to the label instruction, or any abnormal conditions, or under conditions not reasonably foreseeable to Red River, and buyer assumes the risk of any such use.
