Reclaim[®]

EPA Reg. No. 62719-83

2(ee) Recommendation[†]

For Distribution and Use Only in the State of Texas

Surfactant Recommendations for Applications to Mesquite

ATTENTION

[†] This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by the EPA.

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- Read the label affixed to the container for Reclaim[®] specialty herbicide before applying. Carefully follow all precautionary statements and applicable use directions.
- Except as specified in this product bulletin, use of Reclaim is subject to all use precautions and limitations imposed by the label affixed to the container for Reclaim.

Suggested surfactants for ground or aerial applications of Reclaim for the control of mesquite include water plus nonionic surfactant with at least 80% active ingredient, crop oil concentrate or methylated seed oil at the manufacturer's specified rates.

Follow all applicable use directions, precautions, and limitations on the label for Reclaim.
