

# TANK CLEANER

## DANGER

### KEEP OUT OF REACH OF CHILDREN

May be harmful if swallowed. Causes severe skin burns and eye damage. May be harmful if inhaled. Read label before use. Keep container tightly closed. Keep only in original container. Do not breathe dust/fume/gas/mist/vapors/spray. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves/protective clothing/eye protection/face protection. Immediately call a POISON CENTER or doctor/physician. Store locked up. Dispose of contents in container to an approved waste disposal facility in accordance with all local /regional/national/international regulations.

#### PRINCIPAL FUNCTIONING AGENTS:

Anionic cleaning agents, ammonia and other sequestering and chelating agents ..... 100%

#### FIRST AID

**Call a poison control center or doctor immediately for treatment advice.** Have the product container with you when calling a poison control center or doctor, or going for treatment.

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing. Have the product container with you when calling a poison control center or doctor, or going for treatment. If eye irritation persists: Get medical advice or attention.

**IF ON SKIN, HAIR OR CLOTHING:** Remove/take off immediately all contaminated clothing. Rinse skin with water/shower. Take off contaminated clothing and wash it before reuse. Call a poison center, doctor, chemical manufacturer, importer, or distributor to specify the appropriate source of emergency medical advice.

**IF SWALLOWED:** Immediately call a POISON CENTER or doctor/physician. Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person. Do NOT induce vomiting.

**IF INHALED:** If breathing is difficult, remove person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth to mouth if possible.

#### GENERAL INFORMATION

**Tank Cleaner** is a concentrated tank cleaner that dissolves pesticide residues in water faster and more completely for easier removal. **Tank Cleaner** reduces the residues caused by hard water.

**Tank Cleaner** works with most active ingredients and other tank mix partners. **Tank Cleaner** increases tank pH, which aids in the removal of acid residues. These acid residues, if carried-over to the next tank mix, may cause harm to non-target species.

#### DIRECTIONS AND USE RATES

**SMALL TANK AND BACK-PACK SPRAYERS:** Fill tank partially with water. Add

about one ounce of **Tank Cleaner** per gallon of water, agitate thoroughly, drain and follow with clean water rinse. Several rinses may be necessary for thorough cleaning.

**LARGE TANKS AND SPRAYERS:** Use **Tank Cleaner** at a dilution rates up to 1:400 or approximately one quart per 100 gallons. This rate may be increased for more difficult-to-remove residues. Tailor the use rate to the difficulty of the residue.

Add rinse water then tank cleaner. Circulate the tank cleaner mixture for 10 to 15 minutes. Also, push **Tank Cleaner** through booms, hoses, nozzles and all wetted parts of the equipment for several minutes. After cleaning, completely flush out the product with a thorough rinse. Follow with more rinses, if necessary. Make sure all parts are rinsed with water before moving on to the next spray tank mix. Use multiple rinses on hard-to-remove pesticides such as dicamba or 2,4-D.

**HARD TO CLEAN RESIDUES AND RINSATE TESTING:** Using this product or other tank cleaners does not ensure elimination of all residues. Some pesticides, such as 2,4-D and dicamba, may leave persistent or hard-to-remove residues which could injure certain crops, if not removed completely. Many conditions effect the consistency of tank cleaner (i.e., water quality, use of cleaning equipment, quantity and type of residue, age and condition of spray tank, spray lines, nozzles etc.). In order to guarantee that all residues have been removed, apply a portion of the clean rinsate to sensitive plants (tomato, cotton, ornamentals, etc.) and after adequate time, observe for signs of stress or injury. If injure does occur, repeat cleaning process and retest as above.

#### STORAGE AND DISPOSAL

**STORAGE:** Store locked up. Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40° and 90° F.

**DISPOSAL:** Do not contaminate water, food or feed by storage or disposal. Dispose of contents / container to an approved waste disposal facility in accordance with all federal, state and local regulations. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrecycle.org](http://www.acrecycle.org).

Conditions of Sale and Warranty Limitation: The Directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of West Central Distribution, LLC or the seller. All such risks shall be assumed by the buyer. West Central Distribution, LLC warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks referred to above. West Central Distribution, LLC makes no other express or implied warranty of fitness or merchantability or any other express or implied warranty. In no case shall West Central Distribution, LLC or the seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. West Central Distribution, LLC and the seller offer this product, and the Buyer and the User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of West Central Distribution, LLC.
