Directions for Use

- **It is a violation of Federal law to use this product in a manner inconsistent with its labeling.**
- **The user must refer to the federally approved labels for the above noted product and read and follow all directions for use, restrictions, and precautions.**
- **The user should have this recommendation in its possession at the time of use.**
- **Use of this product according to this bulletin has not been reviewed or endorsed by the Office of the Indiana State Chemist.**
- **This recommendation for use of this product is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by EPA.**

For soil applied in-furrow management of Pink Rot and Pythium Leak on potato, apply Orondis Gold 200 at 4.8 fl oz/A + Ridomil Gold SL at 0.42 fl oz/1000 row feet. Apply as an in-furrow application at planting. Refer to row spacing charts on the Orondis Gold 200 and Ridomil Gold SL labels.

Shake Orondis Gold 200 container well before using. Follow all directions for use, restrictions and precautions given on the Orondis Gold 200 and Ridomil Gold SL labels.
