MIX OR AGITATE BEFORE APPLYING PRODUCT

DIRECTIONS FOR USE

SBC SOBEC Clutch is most effectively applied through irrigation water using any irrigation system. Including drip, micro-sprinkler, sprinkler, center pivot, furrow and flood. **SBC SOBEC Clutch** is an excellent carrier and compatible with most foliar nutrients.

GENERAL APPLICATION RATES

For soil and foliar applications apply 2 to 60 gallons of **SBC SOBEC Clutch** per acre (See table below). Rates and application timing varies for specific crops, soil conditions, irrigation and spray systems. Contact the SOBEC Inc. for specific recommendations.

GENERAL INFORMATION

When **SBC SOBEC Clutch** is applied at recommended rates to the soil, it may provide a food source to microbes and may increase bio-diversity in soil.

PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN

CAUTION - DO NOT INGEST. Wash hands after using product. If swallowed: call a poison control center or doctor for medical advice. If in eyes: hold eye open and rinse slowly and gently with water. If on skin or clothing: take off contaminated clothing. Rinse skin immediately with plenty of water.

WARRANTIES & LIABILITIES

The manufacturer guarantees that the contents and total amounts are as stated, within lawful limits. Due to conditions beyond the control of the SOBEC Inc such as time, place and rate of application; weather conditions; dispensing equipment; storage facilities; etc. The warranty shall be limited to refund or purchase price or replacement of product. Such is expressly agreed to by the buyer and the exclusive sole remedy. In no even shall SOBEC Inc. be liable for indirect or consequential damages. The manufacturer warrants that this product consists of the specified ingredients listed on the label and is reasonably fit for the purpose stated when used in accordance with the directions under normal conditions of use. No one other than an officer of the SOBEC Inc. is authorized to make any other warranty or guarantee regarding this product.
