

Two Rivers Terminal, LLC

SECURE 3%

3% Polyacrylamide Solution

General Information: SECURE 3% is a liquid concentrate containing 3% polyacrylamide. This unique formulation is specifically designed to aid in the control of soil erosion along with improving soil structure and water infiltration.

**CONTAINS NON-PLANT FOOD INGREDIENT:
3% Polyacrylamide**

Information regarding the contents and levels of metals in this product is available on the internet at: <http://www.aapfco.org/metals.htm>

COMPATIBILITY: This product has been designed to be compatible with most commonly used fertilizer solutions. However, it is not feasible to test all possible combinations of fertilizers with which it may be mixed. A compatibility test is recommended for combinations that have not been previously used with SECURE 3%. Consult your Two Rivers Terminal representative for more detailed compatibility information.

*Each gallon contains 0.25 lbs of
Polyacrylamide*

Density: 8.43 lbs. per gallon at 68 F
NET CONTENTS: 250 GALLONS

FIRST AID

EYES: Flush with running water for at least 15 minutes.

If irritation persists, get medical attention.

SKIN: Wash thoroughly with soap and water. If irritation persists, or if rash develops, get medical attention.

IF SWALLOWED: Drink one or two glasses of water and induce vomiting. Get medical attention. Never induce vomiting or give anything by mouth to an unconscious person.

INHALATION: Remove to fresh air. If irritation persists, get medical attention.

CAUTION: Causes skin irritation. Avoid contact with skin, eyes, open cuts, or sores. In case of contact, flush with water. Get medical attention for eyes.

CAUTION

KEEP OUT OF REACH OF CHILDREN HARMFUL IF SWALLOWED

NOTICE: Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used according to directions under normal conditions on the crops specified. Because of widely varying use conditions, it is impossible to eliminate all risks even when the label directions are followed. Therefore, the manufacturer makes no other warranties, expressed or implied. The buyer assumes all risks associated with the use of this product. In the event of damage resulting from a breach of warranty, the buyer agrees to accept a refund of the purchase price as full discharge of the manufacturer's liability.

DIRECTIONS FOR USE:

SECURE 3% is best applied by injecting through various irrigation systems, with 0.3 to 0.4 inches water for incorporation.

Sprinkler

Single Applications: 3 to 6 gallons per acre

Repeat Applications: 3 gallons per acre,
2 to 3 times

Apply after seeding or cultivation, but prior to rainfall or irrigation. Inject SECURE 3% after all layby field operations are complete.

Furrow:

Apply 3 to 6 gallons per acre of SECURE 3% per application following soil cultivations.

Caution: Any spillage areas of SECURE 3% are slippery. Absorb any spilled material with an absorbent material and dispose of in accordance with Federal, State, and local regulations.
