How It Works

SNS 209™'s unique formula works by allowing the plant to uptake a small amount of rosmarinic acid. As the plant distributes the rosmarinic acid throughout its cell walls, a barrier is soon constructed. When an insect starts to feed on the plant it comes into contact with the rosmarinic acid and causes the pest to stop eating, move on or die.

Directions for Use: *Shake Well Before Use*
Soil Drench - Plant Site Use For All Plants & Turf (Roots), **Coverage** = 1 gallon of mixed solution to 5 gallon potted plant or 115 square feet. Mix 1/2 Tablespoon (8 mL) of concentrate to 1 gallon (3.79L) of water.

Row Crops Chemigation: 2-6 quarts per acre. Mix well. Gently feed SNS-209™ solution directly onto the root area of the plants every time you water or fertilize for a minimum 5 consecutive waterings (may be added to reservoir) or until infestation reduces. Repeat after two weeks or if infestation returns. Thoroughly drench to contact as much of the root area as possible. It takes about 1-2 weeks for SNS 209™ to start working dependent on temperature and should continue to work for up to 3 weeks.

Foliar Spray - Plant Site Use For All Plants & Turf (Leaves (Foliage), Stems, Stalk, Fruit and around Flowers), **Coverage** = 1 gallon of mixed solution will cover approximately 550 square feet, No restricted entry interval (REI)=0. Mix 2 Tablespoon (32 mL) of concentrate to 1 gallon (3.79L) of water. Spray every 3-4 days for 21 days. It takes about 1-2 weeks to start working and will continue to work for up to 3 weeks. Reapply every 14-28 days as needed. Mixed solution may be stored for up to two weeks or used immediately. For best results use warm (70 degree) Distilled or "Chlorine Free" Water.

Greenhouses and Hydroponics

1 GALLON (3.79L) 2.5 GALLONS (9.47L) 5 GALLONS (18.9L) 50 GALLONS (189L) 250 GALLONS (945L)

Caution, Keep Out of Reach of Children.
Caution, Use Eye Protection, Chemical
Rated Gloves & Long Sleeve Shirt.

First Aid

Not intended for human consumption.
As with any insecticide, avoid contact
with eyes and skin.
If in eyes, flush eyes with water for a minimum
of 15-20 minutes.
If on skin, wash skin with soap and water.
If irritation persists contact a physician.
Have the product container or label with you
when calling a poison control center or doctor,
or going in for treatment.
Poison control center hotline 1-800-222-1222
if over exposure occurs.

Storage and Disposal

Store in a cool, dry area away from heat or open
flame.
Do not reuse container.
Dispose in trash or offer for recycling if available.
