GENERAL INFORMATION

Stay-N® Concentrate is a nitrogen management aid that helps control the loss of nitrogen.

Stay-N Concentrate is intended to be used as a penetrant to improve nitrogen uptake as a supplement to a regular fertilizer program and is not intended to provide the nutrients normally required by agricultural crops.

Urea: **Stay-N Concentrate** may be used to treat dry urea prior to application to the field. Application of urea to the field is recommended soon after treatment to provide the best results. In high temperatures and humid conditions, urea will become wet. Urea treated with **Stay-N Concentrate** may result in the fertilizer material becoming sticky. Should these conditions occur during mixing and application, a small amount of drying agent may be added to the blending process. When other fertilizer materials are added to the blend such as phosphate or potash, a drying agent will not be needed.

Liquid Fertilizers: **Stay-N Concentrate** may be mixed with liquid fertilizers such as aqua ammonia or other liquid ammoniacal or urea nitrogen fertilizers. Liquid fertilizers containing phosphates should not be used with **Stay-N Concentrate**. Conduct a jar test if compatibility is questionable.

Liquid Manures: **Stay-N Concentrate** may be mixed with liquid animal manures. **Stay-N Concentrate** may be applied to slurry pit or through an injection system as material is loaded into applicator.

GENERAL APPLICATION AND USE RECOMMENDATIONS ALWAYS READ AND FOLLOW PROVIDED MIXING AND APPLICATION DIRECTIONS. SHAKE WELL BEFORE USING

Urea: Use 2 to 3 qts. (64 to 96 oz.) of **Stay-N Concentrate** per ton of Urea.

Liquid Fertilizers: Use 1½ qts. (48 oz.) of **Stay-N Concentrate** per ton of UAN (28%, 30%, or 32%).

Liquid Manures: Application rate of 13.5-18 oz. of **Stay-N Concentrate** per acre.

READ LABEL CAREFULLY

PRECAUTIONARY STATEMENTS

Avoid prolonged or repeated contact with eyes, skin and clothing. Chemical goggles or a full face shield should be worn. To protect skin wear appropriate protective equipment, such as rubber or plastic aprons, rubber gloves and boots. Avoid breathing mist or vapor. Keep containers closed. Wash thoroughly after handling. May cause gastrointestinal distress if swallowed.

FIRST AID: If in eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **If swallowed:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice. **If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

HANDLING AND STORAGE: Minimize skin exposure. Store mini-bulks and smaller containers out of the sun in an area of moderate temperature. Do not re-use containers. Avoid containers, piping or fittings made of copper-containing alloys or galvanized metal. Do not store at temperatures below 32°F., as crystallization may occur. Dispose of containers in accordance with local regulations and requirements. **IN CASE OF SPILL:** Contain spill and maximize recovery. Keep spill out of water sources. Exercise caution in area of spill for slippery conditions. Dispose of spilled material in accordance with regulatory requirements.

CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

BEFORE BUYING OR USING THIS PRODUCT, read the Directions for Use and the following Conditions of Sale and Limitation of Warranty and Liability. By buying or using this product, the buyer or user accepts the following Conditions of Sale and Limitation of Warranty and Liability, which no employee or agent of LOVELAND PRODUCTS, INC. or the seller is authorized to vary. LOVELAND PRODUCTS, INC. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, when the product is used in accordance with such Directions for Use under normal conditions of use. LOVELAND PRODUCTS, INC. MAKES NO OTHER WARRANTY, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.
